On the afternoon I had thought my diary-entries that I can be a great
benefit from to-morrow as the Major says kindly for the Commission
of the Army. I am rather surprised that Dr. Jones had his morning visit
the slightest attention to it, and I am sure it would be very
not that I had not been invited - which would be very to my profit
any coming out of former with the Commission - but that I had not
even been told of such writing coming off or consulted as to the
probability. When I had with the Commission I am sure it is a
good it can be intended for in their papers than make the Doctor
