北谷村の解放

Handwritten Japanese characters

CONFIDENTIAL

Handwritten Japanese characters

Chan^{tan}-Son

Handwritten Japanese characters

May 20, 1971

1. This village has 73.8% of its area covered by U.S. Military installations. (Camps Sukiran, Foster, Kue and Kadena AFB), the more than 10,000 inhabitants living in the remaining 26.2%, which is further divided into two parts, south (Jagaru) and north (Sunabe). The villagers wish to have the green-colored areas (Nos. 2, 3, 4 and 5) on the map released so that the two parts be united again. They also request some other areas (Nos. 1, 6 and 7) released for schools (which they are at present renting the land thereof from neighbouring municipalities), etc. (In connection with No. 4, they hope that the firing range located therein be removed in view of the hazardous nature of this installation.)
2. We request you to agree to insert Camps Sukiran, Foster and Kue in List B so that eventually the villagers' request be granted in a manner satisfactory to both the GOJ and the USG, as well as to the villagers.
3. Though not directly connected with the above, discussions are now being held locally between the U.S. authorities and the village on the location of a new road (marked in yellow between Nos. 2 and 3) to connect Highway One and the future National Athletic Meet site at Koza City. We hope that a mutually satisfactory route will be agreed upon.
