FOR IMMEDIATE RELEASE:

PRESS RELEASE: # 1005

CIVIL ADMINISTRATOR ISSUES STATEMENT ON PRICE BILL

Naha, Okinawa, Apr. 2 -- The Civil Administrator, Brig. General John G. Ondrick, today said he was delighted to note reports that the first of a long series of legislative steps confronting the Price Bill has been hurdled.

Following hearings and approval by a House Armed services committee, the bill must be considered by the full membership of the House of Representatives. In this full body a variety of interests and concerns about all proposed legislation is brought to bear.

The Civil Administrator also noted that under American legislative processes, the bill must be heard by a Senate committee, adopted by that committee and accepted by the full membership of the 100-man Senate.

If slight differences occur between the House and Senate versions of a bill for economic assistance to the Ryukyu Islands, these differences then must be resolved in a conference committee.

While being mindful of the many steps still confronting the Price Bill, the Civil Administrator expressed deep gratification that the first obstacle has been successfully overcome, and that the stage was set for completion of further actions required before the bill becomes effective.

の補償等の費用に支出する（一九六〇会計年度より）の二つを規定するものである。

二、琉球経済への影響

(イ)は従来慣行されたところを法的原則として確立するに止まるが、(ロ)は新基金の設定により年額六〇〇万弗前後の資金が琉球の財政的経済的援助目的のために投入される点で、かなりの利益が考えられる。

但し、この場合に考えらるべき点は第一、前記(A)、(B)の収入は従来も米民政府が現地管理費の一部（現地雇傭員費、その他の雑費）に実際上充当していたと推定されるので、その意味では資金使用のルートの調整に止まる。第二、(B)による年額六〇〇万弗以内の額は新なる援助財源ではあるが、若し従来琉球政府に対し民政府補助金として与えられていた年額一〇〇万弗（一九五八年度）乃至四〇〇万弗（一九五三年度）の経費も、この

特別基金中より振替支出されるものとせば（その可能性大と認められる）実質上の援助効果はそれだけ差引かれる。この点である。

○諸点を規定した特別法案（別添甲号）を下院軍事委員会に提出した。

本法案はさきに1月7日付で同様下院軍事委員会に提出され、4月14日同委員会で一部修正の上全院委員会に回付したプライス議員提出の「琉球諸島における経済的及び社会的発展のための」法案と全く同文であつて、本法案が採択発効することになれば両議員の共同提出法案として、プライス井上法と呼ばれることになる訳である。

なお、上院には、ハワイ選出 Long 上院議員から別添丙号のとおりの殆んど全文同様の法

案が提出されている。本法案の下院法案と異なる点は支出権限を規定し、直接の支出 (appropriation) を規定せず、また緊急支出についても事後の議会提出を規定している点だけであるが、これは後述のとおりプライス法案が修正された結果実質上殆んど同様の法案となつている。しかし上院においては本 Long 法案はまだ実質審議には入っていない。

2. プライス法案は軍事委員会において、別添委員会報告どおり、(1)支出法案とせず支出権限付与法案とするため *appropriation* の語を *set aside* に改め、更に今後定められる支出法案の範囲内に支出することを規定し、(2)会計検査の条項を新たに挿入する、の二項を中心に六点の修正が加えられたが、法案の実体には何ら修正は行われなかつた。

3. 本法案で規定されているオ一点の沖縄政府の財政収入を沖縄政府が支出し得ることは從来とも実行されてきたところであるが、米国

連邦法に何らの基礎をもたず実際問題として行われてきたので、今回これに法律的根拠を与えるとするに止まるものである。なお、今年度の財政収入は \$ 22,400,000 と見積られているが、要支出額は \$ 26,000,000 必要で更に台風復旧費として当然 \$ 2,000,000 位が年度別に必要となつてゐるので、今年も約 \$ 6,400,000 の不足が予想される訳である。

オ二点の公企業体等収入条項も從来から行われてきたことに法的根拠を与えるとするものである。現在沖縄には発電、送電、石油の大口配給、倉庫、冷凍、水道、住宅建設等の事業が公企業として民政府の監督下に行われており、総評価額 \$ 45,800,000 年間収入 \$ 2,700,000 となつてゐるが、この収入を今回特別基金に繰入れ再投資、台風の際の緊急支出等に充ることを規定している訳である。結局

結局以上の二点が従来からの慣行的取扱いを法制化したものであるのに対し、オ三点の沖縄での米国人よりのいわゆる税収入を \$ 600 万まで沖縄の経済社会福祉の発展に充る条項は全く新しい規定であつて、結局これが本法案の眼目とみられる。沖縄は米国の施政下に置かれている結果、M S A C による援助の適用対象地域となり得ず Development Loan Fund や世銀からの借款も不可能であり、当地区の施政担当省である国防省が同省予算の一部として毎年援助予算を計上してきている。しかしながら、国防省としては他に直接必要な予算項目が多数多額に上る結果、例年この沖縄向け援助額は必要額の半額内外に止まつてしまふ。58年度 \$ 100 万弱、60年は \$ 350 万、たといわれており、61年度 \$ 450 万（予想）となつており、今回本法案が成立することはこの各年度の国防省による予算折衝の不安定な状態に終止符をうち、沖縄の経済開発、社会福祉の発展を長期的基礎で考えうるよう

在外公館

にするとともに、その援助額も以上のとおり大幅に引上げられることになる次第である。

4. 本法案は軍事委員会においては特別の反対もなく可決されており、内容的に本法案の成立を困難にする問題は今後の審議の過程においても何ら予想されないとろであるが、何分大統領選挙の年で会期が 6 月一杯で終ることと、黒人選挙権の問題を中心とするシヴィル・ライツ法 (Civil Rights Act) の審議かけ引きの為重要法案の審議が 4 月中旬まで軒並ストップしてきているので審議未了になる可能性がある点が本法案成立に関し危ぐされる唯一の点である。

なお、同様趣旨の立法はこれまでヴァージン・アーリントン、グアム等につき現に行われており、本法案は財務省予算局等の全面的了解と支持の下に提出されるものであると説明されている。

STATEMENT OF MAJOR GENERAL A. D. MEAD
CHIEF OF CIVIL AFFAIRS, DEPARTMENT OF THE ARMY
BEFORE THE COMMITTEE ON ARMED SERVICES,
SENATE OF THE UNITED STATES
ON H. R. 1157

Mr. Chairman and Gentlemen:

It is a privilege to appear before you today to support the adoption of legislation to provide on a continuing basis for the promotion of the economic and social development of the Ryukyu Islands in which the United States has extremely important interests and responsibilities.

The members of this Committee are in a special position to appreciate the strategic importance of the Ryukyus to the United States. Because of their location, these islands provide an essential link in our world-wide defense system. In this respect their value to the United States and to the entire free world is immeasurable. It is for this reason that, in the Budget of the United States for Fiscal Year 1961, the President stated, "Since a system of military bases and other installations pertinent to the defense of the Pacific areas has been developed in these islands which are of critical strategic importance to the security of the free world, it is expected that the United States will be responsible for their administration for an indefinite period."

It is because we believe that the United States can fulfill this responsibility more effectively and productively that we respectfully urge the Congress to adopt the Bill which this Committee has before it for consideration.

To facilitate such consideration, I should first explain what resources are available now to support the government and economy of the Ryukyu Islands, and how the requested legislation relates to them. There are three general categories of funds for expenditure in behalf of the 855,000 inhabitants of the Ryukyus. The first of these is the revenues of the indigenous Government

of the Ryukyu Islands which are derived from taxes, assessments, fees, and forfeitures, and some other sources, and collected principally from the Ryukyuan people. They are used for normal governmental purposes such as education, public health and welfare, public safety, public works and services, economic development and general government. These revenues have increased from \$11.7 million in fiscal year 1955 to an estimated \$22.4 million in 1960, reflecting a sincere effort by the Ryukyuans to carry their own burdens and representing the optimum levies on the people which are considered practicable in view of their present economic conditions and problems. These revenues are presently appropriated and expended as provided by the Ryukyuan legislature. Section 2 of HR 1157 would not change this situation but it would give Congressional sanction to the authority of the Ryukyuan Government, implied in Executive Order 10713, to appropriate and expend their own revenues. Ryukyuan revenues, however, are not now and never have been sufficient to meet all of the requirements and must be supplemented by United States grants and from United States Civil Administration revenues, covered by other sections of the Bill.

The second category of funds available for expenditure on behalf of the Ryukyus is the revenues of the United States Civil Administration. Possession and control of certain of the assets purchased with or generated by Government and Relief in Occupied Areas (GARIOA) and subsequent appropriations for the Ryukyuan people have been retained by the Civil Administration for either security or technical and economic reasons. These assets include cash, electric power generating and transmission facilities, bulk petroleum distribution facilities, warehouses, a refrigerating plant, domestic housing, and water distribution facilities. Some of these were approved by the Congress to provide facilities for the direct use of the Ryukyuan people, such as the warehouses,

refrigeration plant and water facilities. Others were designed for a dual purpose, as for example, to provide electrical power for Ryukyuan consumption and a source of Ryukyuan revenue through the lease of the power facilities to the U. S. Forces. For administrative purposes these assets have in most cases been capitalized to form U. S. Civil Administration wholly owned corporations and agencies such as the Ryukyu Electric Power Corporation and the Ryukyu Development Loan Corporation. It is estimated that at the close of this Fiscal Year the net worth value of such assets will be approximately \$45.8 million with a future earning capacity of approximately \$2.7 million annually. These earnings are either reinvested or otherwise employed - in accordance with U. S. approved programs - to meet the growing requirements of the expanding economy. They may not be used to augment or substitute for United States military appropriations or other United States Government agencies' funding requirements. The proposed legislation would give Congressional sanction, in Section 3, to the continued employment of these revenues in the same manner as they now are used and would establish statutory control over the use of such funds. As mentioned, these revenues are expected to amount to approximately \$2.7 million annually, to which would be added a relatively small amount deriving primarily from fines received by the Civil Administration courts which are now being turned over to the U. S. Treasury.

The remaining, or, third category of funds available to support the government and economy of the Ryukyu Islands consists of direct U. S. grants. As the members of this Committee are aware, the Congress has annually appropriated funds under CARIOA, and subsequently under the other titles, for the rehabilitation and development of the Ryukyu Islands. From a peak of \$50 million in 1950, the annual appropriations for relief, rehabilitation and development of the Ryukyus declined to a low of about \$1 million in FY 1957,

but have since moved progressively upward toward the level of \$6 million which we consider necessary to fulfill the civil administration responsibilities. For FY 1960, for example, the Congress approved \$3.5 million for Ryukyuan economic aid, and for FY 1961 is considering a request for \$4.5 million. It is to be noted that neither of these amounts covers funds for disaster relief aid which have been obtained heretofore by reprogramming, with serious difficulty and delay, cash proceeds from Public Law 480 commodity sales in other parts of the world. Section 4 of HR 1157 will authorize annual appropriations for emergency purposes relating to typhoon or other disasters, as well as for promoting the economic development and welfare of the Ryukyus, and for reimbursing the Ryukyuan Government for services performed for and because of the presence of the Armed Forces of the United States within the Ryukyu Islands. This Section would establish specific statutory authorization for appropriations heretofore made on the basis of treaty authority.

Because Section 4 of the Bill relates these amounts to a portion of the United States income taxes withheld from persons stationed or employed in the Ryukyu Islands, a special word of explanation may be desired. At the present time withheld Federal income taxes of persons in the Ryukyus amount to an estimated \$9 million. The great bulk of such taxes are on the income of United States Government military and civilian personnel, although there are some American businessmen in the Islands who are subject to U. S. withholding tax. Unlike comparable financial arrangements provided by the Congress for the Virgin Islands, Guam and some other areas, all Federal income taxes withheld from persons in the Ryukyus would continue to be paid into the U. S. Treasury. If the net amount so received exceeds \$6 million, as it does today, the excess would be retained by the Treasury and \$6 million would be set aside for approved programs

for the Ryukyus, subject of course to such limitations as might be provided in appropriations acts. Thus the funds so provided would be subject to both Congressional and Executive controls. At the same time, however, this arrangement offers definite advantages. In addition to providing a specific legal basis for such appropriations, it will further normalize U.S. financial administration of the area, and create a more meaningful relationship between the Ryukyuan people and the individual American there who, through United States taxes paid on his income, will be contributing directly to the welfare of the Islands. Regarding this last consideration, a witness before the House Committee appropriately made the point that, since it is our intention to remain in the Ryukyus indefinitely, this will demonstrate our sincere interests in such a way "as will make the inhabitants want to have our troops remain on the islands."

The Committee is probably aware that, because the Ryukyus are under the jurisdiction of the United States they do not qualify for the benefits provided to friendly foreign governments under the Mutual Security Act or other assistance programs such as the Development Loan Fund and the World Bank. Neither do they receive the benefits which are accorded territorial and insular possessions of the United States.

Mr. Chairman, it is believed that the remaining sections of this Bill require no comment from the Army. It should be noted, however, that, as in years past, the funds necessary for the administrative activities of the Civil Administration will be treated separately, subject to specific annual limitations. It is not anticipated, however, that such costs will be increased as a result of this proposed legislation.

The Secretary of Defense, by letter to you, Mr. Chairman, expressed his strong support of the Bill. It has, of course, the endorsement of the Bureau of the Budget. The Comptroller General of the United States was quoted in

the House of Representatives as stating: "We agree that legislation such as that contained in H.R. 1157 is desirable in order to provide a basis in law for the programs referred to therein. Furthermore, the provisions of section 3(b) would serve to remove any doubt as to the authority of the United States Civil Administration of the Ryukyu Islands to create corporations wholly or partly owned or controlled by the Civil Administration which might arise by reason of section 304 of the Government Corporation Control Act."

In conclusion, Mr. Chairman, I should like to repeat an observation with which the House Committee on Armed Services expressed wholehearted concurrence: "A very important reason for asking the Congress for this legislation is to give some sense of belonging to the Ryukyuan man on the street. It is our belief that legislation of the nature proposed would give the Ryukyuan a sense of belonging which he does not now have, a feeling that the United States is interested in his welfare and well-being and that the people of the United States are willing to pledge continuation of that interest as long as the present arrangement of control exists."

Mr. Chairman, this concludes my prepared statement. I appreciate the opportunity which the Committee has afforded me to testify in support of H. R. 1157 and I shall endeavor to answer any questions which the members of the Committee may care to ask.
