EMBASSY
OF THE
UNITED STATES OF AMERICA

Tokyo, June 22, 1965

Dear Mr. Watanabe:

Captain Winston H. Sun, the Welfare Officer of the United States Civil Administration of the Ryukyus, has asked the Embassy to contact the Japanese Government concerning welfare programs in Japan which he might discuss with the Welfare Ministry. He is particularly interested in receiving a general briefing concerning public assistance administration and if possible would like to tour welfare institutions in Tokyo, including child welfare facilities, physically handicapped training centers and institutions for the mentally retarded.

Captain Sun will arrive in Tokyo June 28 and expects to be here approximately five days. He can be contacted through the American Embassy while he is in Tokyo.

Sincerely yours,

John E. Kelley
