RYUKYUS AIR TRANSPORTATION ORDINANCE ISSUED

Naha, Okinawa, March 23 -- An ordinance governing air transportation in the Ryukyu Islands, which implements a recently-announced U.S. Presidential executive order, was issued today by the U.S. Civil Administration of the Ryukyu Islands, (USCAR).

High Commissioner Ordinance No. 62, to be effective July 1, 1967 was issued following announcement of Executive Order 11326 of Feb. 13, 1967 extending to the Ryukyus certain provisions of the U.S. Federal Aviation Act of 1958, as amended, concerning the economic regulation of international air transportation, as well as the provisions of Title VII of the act pertaining to aircraft accident investigation. The executive order further provides that in all other respects the High Commissioner of the Ryukyu Islands shall control and regulate aviation within the islands.

The ordinance states that the High Commissioner shall consider the following, among other things, as being in the public interest:

- encouragement and development of air transportation properly adapted to the present and future needs of the Ryukyus;
- regulation of air transportation within the islands in accordance with the highest safety standards and in such a manner as to foster sound economic conditions;
- promotion of adequate, economical, and efficient service by air carriers at reasonable charges, without unjust discrimination, undue preferences or advantage, or unfair or destructive competitive practices;
- control of the use of the navigable airspace of the Ryukyus and the regulation of both civil and military operations in such air space in the interest of the safety and efficiency of both; and
- development and operation of a common system of air traffic control and navigation for both military and civil aircraft.

1
(Over)

Detailed rules and regulations pursuant to provisions of the ordinance are expected to be issued by USCAR about April 1.

The issuance of the executive order, followed by today's ordinance and the forthcoming rules and regulations, reflect the shift in regulatory authority from the U.S. Federal Aviation Agency to the High Commissioner to permit greater flexibility to adjust to the local situation in the Ryukyus. Commercial air transportation in the Ryukyus has shown particularly rapid growth over the past six years.

Interisland air transportation, which began in 1958, carried about 4,000 passengers in 1960, and soared to a total of 99,267 in calendar year 1966 -- almost a 25-fold increase.

The international passenger air services carried a total of 35,432 passengers who entered and exited the Ryukyu Islands in 1960. This total jumped to 163,228 in calendar year 1966 -- a better than four-fold increase.

同高等弁務官布令第62号は1967年2月13日付けの大統領行政命令第11326号に次いで公布されたものである。これによつて琉球における国際航路の経済規定に関しては、1958年制定の改正された米連邦航空法の諸規定、そして当地における航空機事故の調査については同連邦航空法の第7条の規定が適用される。更に同行政命令は、琉球列島米連邦高等弁務官は、琉球におけるその他の航空活動についてもそれを管理し、規定するようたつてている。

高等弁務官は公共の利益のために特に次の点を他の事項と共に考慮することになつてゐる。

- ... 琉球の現在及び将来の必要性に適合した航空運輸事業の奨励と発展。
- ... 最高度の安全基準と健全な経済状態を確立する方針に基づいた琉球列島内の航空運輸の規定。
- ... 不当な差別、恩典や不公平もしくは破かいた競争のない適正競争で適当な、かつ能率的航空サービスの促進。
- ... 琉球上空の航路利用、及び軍民双方の航空機の安全と能率のための航空路の運営規則を管理すること。
- ... 軍民双方の航空機のための航空管制施設の開発と運営。

同布令の諸規定に関する細則については米国民政府が4月1日頃公布することになつてゐる。

行政命令の公布に伴い、本日、その実施のための布令が出され、又近いうちに同布令の細則が公布されることになつてゐる。同行政命令公布によつて琉球における航空事業の取締り権限は米連邦航空局から高等弁務官に移され、これによつて高等弁務官は琉球の実状にそつて従来以上に融通性を有することになる。

過去6年間に、琉球における航空運輸事業は特に急速な発展を遂げて来た。琉球における列島間航空事業は1958年にその業務を開始したが、1960年には4,000名の乗客を運びそして1966年にはその輸送乗客数は99,267名に急増した。これは約25倍の増加である。

又国際線を利用して、1960年に琉球に出入域した乗客数は合計35,432名であつたが、その数も1966年には163,228名に増加した。これは4倍強の増である。

沖縄内の航空事業を日航に認可決定したとの米側よりの通報について

昭和42.3.31
北米局北米課

本3月31日午前10時、米大使館ワス公使及びザヘレン参事官は、北米局中野参事官を来訪、別添トーキング・ペーパー及び関係書類等を手交の上、沖縄内各島間の航空事業免許を日本航空に与えることに高等参務官の決定が行なわれた旨要旨以下のとおり通報した。

1. 日航社長に対する高等参務官の本決定通知は本朝11時米大使館より社長に対し直接手交される。
2. 同時に、ワシントン、那覇及び東京において上記決定の発表が行なわれる(発表文及び参考バックグラウンド・インフォメーションは別添のとおり)。
3. 運航の内容は、日航申請どおり、沖縄現地資本との合弁会社を設立して新会社により行なわれるが、事業開始時期は7月1日頃とする。

4. この際特に申添えおきたい米側の希望は次のとおりであり、日本政府の配慮を願いたい。

- (1) トーキング・ペーパー末段に述べたとおり、将来運航に当つて日航より日本側の指導援助等の申出があることが予想されるが、その際は日本政府の十分好意的な配慮をお願いしたい。具体的には来年度沖縄援助予算には、航空事業に対する援助の項目が現われることになるだろう。
- (2) 米側が最も気にかけていることは安全性の問題であり、地上施設の改良、法規の整備等もこの観点より急ぎ検討しているところであるが、万一にも日航になつてから事故が起るようなことがあれば、*アロハ及びエア・アメリカの米系会社を押し、日航を選んだ米政府の立場は非常に苦しいものとなるので、この安全確保に日航が最大の努力と考慮を払うことを期待したい。
- (3) 最後に、日本の大資本が沖縄市場に導入される第1回のケースであり、沖縄財界の一部

にはその影響をおそれ、アロハ支持の態度をとつたもののあつたことは御承知のとおりでもあるので、実際の合弁会社の運営に当つては、現地の気持をくみ、現地をたてながら日航がうまくやつてくれることを強く要望したい。

(4) 新たに就航する飛行機が、日章旗をつけることとなるかの点については、これらの飛行機が、日航機と同様のデザインをつけるかどうか、いかなる標識をつけるかは、日航と現地資本の合弁で設立される新企業に決定することであり、民政府とも協議の上決定されることとなる。

というのが、大使館側の感觸である。

TALKING PAPER

There is attached a copy of a letter which will be delivered by the Embassy at eleven o'clock this morning to Mr. Shizuma Matsuo, President of Japan Air Lines. The letter gives formal notification of the acceptance by the United States Civil Administration of the Ryukyu Islands of Japan Air Lines' proposal for operation of the Ryukyus inter-island scheduled air service. Copies are also enclosed of the statements which will be released to the press in Tokyo, Naha, Washington and Honolulu simultaneously with the delivery of the letter.

As the Government of Japan is aware, the problem of supplying adequate air transportation to the various islands of the Ryukyus chain is complex and difficult. Civilian air transportation is playing an ever-increasing role in the economic life of the Ryukyu Islands and the present limited airfield and terminal facilities will not for long be adequate to serve the steadily increasing number of persons who want to have convenient access to safe and reliable air service.

The United States authorities have concluded that considerable efforts will be required to meet these requirements. The Embassy wishes to utilize the opportunity provided by this notification to state that the United States Government hopes that the Government of Japan will give careful and sympathetic consideration to proposals which may be made from

time to time for assistance for airfield facility improvements, in particular the project now being planned for expansion of the Naha civil air terminal.

Mr. Shizuma Matsuo, President
Japan Air Lines Co., Ltd.
Tokyo Building, 2-Chome, Marunouchi,
Chiyoda-ku,
Tokyo, Japan

Dear Mr. Matsuo:

I am pleased to notify you that the Japan Air Lines Co. proposal submitted in your letter of 8 October 1966, and further clarified by the information contained in two papers submitted to the United States Embassy by the Government of Japan on 4 October 1966, has been selected and approved by the High Commissioner, Ryukyu Islands, as the basis for the establishment of the Ryukyu interisland scheduled air service to become effective on or about 1 July 1967.

Establishment, certification, operation, and regulation of the new air carrier, to be formed as a joint corporation between JAL and Ryukyuan partners, will be governed by the provisions of HICOM Ordinance 62, and the rules and regulations set forth in Aviation Regulations, Ryukyu Islands. Copies of this ordinance and implementing regulations issued under the authority of the High Commissioner will be furnished to you immediately upon publication.

The notice represented by this letter will permit a ninety day mobilization period in which to accomplish the necessary preliminary procedures and licensing incident to the inauguration of the new air service, including the formation of a joint corporation between Japan Air Lines and Ryukyuan partners in accordance with previously stated guidance and your proposal, and the obtaining of a foreign investment license from the Government of the Ryukyu Islands.

The selection of Japan Air Lines Company's proposal was based upon:

a. Recognition of the desires of the Ryukyuan people for Ryukyuan as well as the Japanese to participate in the development of a local capability in the field of commercial civil aviation through partnership and training under a joint airline organization managed by Japan Air Lines Company.

b. The economic advantages to the Ryukyuan economy represented by your proposal to retain the existing rate structure if necessary for a period of at least two years.

Mr. Shizuma Matsuo, President
Japan Air Lines

c. JAL's proposal to introduce more modern aircraft, such as the YS-11, as soon as airfield improvements will permit.

d. JAL's willingness to transfer actual management of the joint airline company operation to its Ryukyuan partnership enterprise at such time in the future and in such manner as may be proposed by the US Civil Administration in the public interest.

e. The extensive organizational, technical, and financial resources available to JAL to insure continuing promotion of high standards of air safety and service in the development and expansion of commercial aviation within the Ryukyu Islands.

The US Civil Administration is prepared to assist your company in its mobilization planning and in resolving the many questions which will probably arise in connection with the establishment of the new air service. The direct coordination by representatives of JAL with the USCAR staff is cordially invited.

Please acknowledge receipt of this notice of acceptance of the JAL proposal, and include with your reply an affirmation of intent to proceed with the necessary actions leading toward inauguration of service by the new airline on or about 1 July 1967.

The High Commissioner and I offer our congratulations and sincere best wishes for success in your new venture.

Sincerely yours,

(Original signed)

GERALD WARNER
Civil Administrator

(NOTE TO PRESS OFFICERS IN TOKYO AND HONOLULU: The following additional material, which will be issued in Okinawa as part of the news release above, is provided for your information and/or use as you may deem appropriate).

The interisland air service in the Ryukyus has long suffered economic and financial difficulties because of rising costs and inadequate fare revenues despite high load factors. Present fares are the same as established in 1954 when interisland air service was first started. The economic stability of the interisland carriers has also been seriously hampered by the twenty percent Government of the Ryukyu Islands (GRI) air travel tax, which is the highest in the world, and by the sub-standard airfield facilities which have prevented maximum use of modern aircraft capabilities. USCAR has requested GRI for early legislative action to remove or substantially reduce the present air travel tax. Recently the GRI removed all taxes on interisland maritime fares, cut land transportation taxes by fifty percent, and granted substantial fare increases for interisland ships and for buses and taxis.

A program of airfield improvements on the outer-islands is now underway with financing provided from US sources. The GRI is responsible for the maintenance of these airfields in a safe operating condition.

The US Air Force is contracting to provide a modern communications and radio navigation system to insure the safety of interisland commercial flights. On Okinawa, however, efforts to improve the safety of aerial navigation need the support of Ryukyuan people and

government authorities, particularly with respect to the planned VORTAC radio navigation facility near Kyan in southern Okinawa. The advent of the new air service on or about July 1, 1967, the new aviation legislation applicable to the Ryukyus, and the programs for continued improvement of airfields and radio navigation facilities will mark the beginning of an entirely new phase in the progressive development of commercial civil aviation in the islands. With the steady increase in interisland air travel between the islands, commercial aviation has become a major factor in the advancement and development of the Ryukyuan economy and cultural society.

琉球航空サービスの運営
日本航空に認可決定

〔那覇三月三十一日発〕 琉球米民政府はきょう、エア・アメリカ社による琉球各島間の航空サービス運営に対する日本航空株式会社の申請が選ばれた旨発表した。新しい航空サービスは所要準備の完了次第発足するが、その期日は本年七月一日頃と見られる。

日本航空の申請は琉球実業家との合弁会社の設立案を含む。初期においては、日本航空が五十パーセント以上を所有し運営を管理することになる。新会社は、民間航空サービスの管理ならびに運営に関するあらゆる面で現地の能力を開発するための養成計画を立てる。将来、開発、養成、経験のための十分な期間を経て、適当な時期において、実際管理の現地企業への譲渡を考慮することに日本航空は同意している。

67-36R

初期において使用される航空機は先島航路においては米コンベア240型機、久米島および南大東島航路においては英デハビランド・ヘロン型機または米ビーチクラフト H/8型機である。ヘロン型およびH/8型機は現在進行中の飛行場整備工事の終了次第、コンベア型機に取り替えられる。

今回の決定はエア・アメリカ社、アロハ航空会社、および日本航空三社の申請の中から行われたものである。申請の募集は琉球米民政府が一九六六年六月に行なつた。これまでの航空会社が現行航空料金および課税体制の下で経営難を示したため、新規の運営認可が必要と考えられた。また、現地航空サービスの運営に参与したいという、琉球実業家の長期にわたる希望も考慮された。

きよりの発表は、米当局の長期にわたる検討と審査ののちに行なわれたものである。現行の法規にてらしてみると、申請の一部には、その適格性をめぐつて法律および管轄権上の問題が介在して複雑な点があつた。

ジョンソン大統領は、一九六七年二月十三日の行政命令で、琉球各島間の民間航空運営を規制する全権を琉球高等弁務官に与えた。この行政命令によつて高等弁務官は、琉球列島内の航空サービスを目的とする米国または米国以外の航空会社にライセンスを下付する権限を与えられている。高等弁務官が公示した新航空法によつて、米国以外の国に登録されている航空機や飛行士を使用し、琉球住民の所有参加を認める琉球民間会社を設立することが可能となる。

僅少な差で日本航空に有利な決定をみたのは主として経済的な要因によるものである。航空券に課せられる現行の琉球政府の税金と低廉な航空料金にもかかわらず、日本航空は必要とあれば少なくとも二年の期間にわたつて現行の料金規定を据えおくことに同意した。日本航空は、新しい航空会社の発展段階の間、財政的安定を保証するにたる広域の機構的、技術的ならびに財政的能力をそなえているものと考慮された。

FOR IMMEDIATE RELEASE:

JAL CHOSEN TO OPERATE RYUKYU AIR SERVICE

Naha, Okinawa, March 31 -- The proposal of Japan Air Lines for operation of the Ryukyus interisland air service operated by Air America, has been selected, the U.S. Civil Administration of the Ryukyu Islands (USCAR) announced today. The new air service will become effective as soon as appropriate arrangements can be completed, estimated to be on or about July 1, 1967.

JAL's proposal includes the formation of a joint company with Ryukyuan business partners. Majority ownership and management control will be retained initially by JAL. The airline will establish a training program to develop a local capability in all phases of commercial airline management and operation. At an appropriate date in the future, following a sufficient period of development training and experience, JAL agrees to consider the transfer of actual management to the local business enterprise.

Aircraft to be employed initially will be US Convair 240's on the Sakishima routes and British DeHavilland Herons or US Beechcraft H-18's on the Kume Jima and Minami Daito routes. The latter smaller aircraft will be replaced by the larger aircraft as soon as current airfield improvements are completed.

The selection was made from among competing proposals submitted by Air America, Aloha Airlines, and JAL. Proposals were solicited by USCAR in June 1966. A new franchise was considered necessary when the indication was given by the present air carrier that under existing fare and tax structure it faced certain difficulties. Consideration was also given to the long standing desires of Ryukyuan business enterprisers to participate in the operation of the local airline service.

Today's announcement represents the culmination of a long period of review and evaluation by U.S. Authorities which was complicated by legal and jurisdictional problems involving the eligibility of some of the proposals under existing law.

On February 13, 1967, President Johnson issued an executive order which granted the U.S. High Commissioner of the Ryukyu Islands full authority for the regulation of civil aviation operating between points in the Ryukyu Islands and permits the licensing of either U.S. or non-U.S. owned carriers for domestic air service within the Ryukyus. Under new aviation

legislation issued by the High Commissioner, the formation of a Ryukyuan company utilizing non-U.S. registered aircraft and airmen and Ryukyuan ownership participation, becomes possible.

The factors which led to the very close decision in favor of JAL were primarily economic. Despite the existing Government of Ryukyu Islands tax on airline tickets and the low air fare schedule, JAL agreed to retain the present fare schedule if necessary for a period of at least two years. JAL was considered to have extensive organizational, technical and financial resources adequate to insure financial stability of the new airline through its development period.

TALKING PAPER

Civil Aviation in the Ryukyu Islands

As the Ministry of Foreign Affairs is aware, the United States Civil Administration of the Ryukyu Islands has under consideration entering into new arrangements for the provision of air passenger service between the various islands under its administration. There have been recent conversations between USCAR and representatives of Japan Air Lines and All Nippon Airlines designed to solicit these firms' ideas and proposals with respect to the provision of such interisland civil aviation service. Simultaneously, the USCAR has on a similar basis, been discussing with other airlines their ideas and proposals.

The Embassy would, as background for these discussions, appreciate being informed whether the Ministry of Foreign Affairs foresees any problems in the relationship of Japanese laws and the United States-Japan Civil Air Agreement to the possible provision by a Japanese airline of civil aviation service in the Ryukyu Islands. The Embassy would appreciate having the views of the Ministry with respect to the legal relationship which might obtain under both of the following possible arrangements which it understands USCAR has under consideration:

- a. Direct franchise; and
- b. Contract "wet" charter with a Ryukyuan air terminal company.

The Embassy would have no objection to the Ministry's consulting the

concerned Japanese airlines upon these questions, if the Ministry considers such consultations might be useful and appropriate.

提案がでてこないために決定を延びているという話であつたのに、その後どこからこの法律的困難などという話が持ち出されたのか誠に不可解である。

(ハ) ことに今日の説明によれば米側として米国の航空会社にもビット(提案)の機会を与える必要があるとのことであるがアロハ航空はその当時より行なうべき提案を行わずせんえんしているにもかかわらず、未だにそのせんえんを許して待つていているということは、米側のいわゆる法律問題がこのせんえんと無関係でないのでは無いかの印象を与える。

NEWS RELEASE: 67-59
February 17, 1967

PRESIDENT SIGNS EXECUTIVE ORDER FOR REGULATION OF AIR TRANSPORTATION IN RYUKYUS

Naha, Okinawa, Feb. 17 -- President Johnson on Feb. 13 signed an Executive Order providing for the Regulation of Air Transportation in the Ryukyu Islands, according to notification from Washington, the U.S. Civil Administration of the Ryukyu Islands (USCAR), announced today.

The growth of air-carrier operations within the Ryukyu Islands during the past few years has suggested the desirability of having the U.S. Civil Aeronautics Board and the Federal Aviation Agency assist the High Commissioner of the Ryukyu Islands who (under delegation from the Secretary of Defense) is responsible for the civil administration of the Ryukyus, by contributing their professional and technical expertise to such operations to ensure that they are conducted with economic soundness, safety, and efficiency. Both of these agencies have been participating, for some years, in various regulatory activities in this area under and pursuant to the general authority of Article 3 of the Treaty of Peace with Japan.

The order confirms the application of the Federal Aviation Act of 1958 to the Ryukyu Islands in such a manner as permits the Civil Aeronautics Board to retain its responsibility for the economic regulation of international air transportation in the Islands and investigation of aircraft accidents occurring therein. Other air transportation activities in the Islands will be regulated by the High Commissioner, with the technical advice and assistance of the Civil Aeronautics Board and the Federal Aviation Agency.

The new measures will not affect the responsibility of the Department of Defense for the regulation of all air traffic and the operation of all air navigation facilities within the Ryukyuan *senkyu* islands. The Department of the Air Force will continue to perform these functions because of the overriding requirements of military aviation in this strategic area, which serves an important role in preserving the security of the Far East.

Based on the Executive Order, the High Commissioner in the near future will issue a new ordinance and regulations governing civil air transportation in the Ryukyu Islands. This legislation will, for the first

time, provide a sound legal basis for the participation of non-U.S. citizens and activities in domestic civil air transportation under firmly-established safety procedures and standards.

This legislation will permit the selection of a carrier for the Ryukyu's inter-island air service from among proposals submitted by Air America, Aloha Airlines, and Japan Airlines.

Pending issuance of new legislation and implementing regulations, USCAR today issued High Commissioner Ordinance No. 61, in order to preserve and continue the validity of all current operating certificates and operations specifications previously issued by the Federal Aviation Agency to international and local air carriers operating in and through the Ryukyu Islands.

琉球における航空規則を規定した行政命令に大統領が署名

ワシントン、2月17日。... 米国民政府がワシントンから受けた連絡によるとジョンソン大統領は2月15日に琉球における航空規則を規定した行政命令に署名した。

この数年間、琉球における航空運輸の発展は目ざましいものがあり、これに伴い米国民間航空委員会や連邦航空局によつて琉球の民営責任者である高等弁務官（国防長官の委任のもと）に援助を与えることが必要となつて来た。これら民間航空委員会や連邦航空局の専門的技術的意見によつて地元航空事業の健全運営や空の安全、能率が確保されることとなる。これらの両機関は対日平和条約第3条の当地域における航空規則に関して今まで、ずつと活動を続けてきているものである。^{全般的権限の規定にもとづき、}

同行政命令は琉球における国際航路の経路規定と当地で発生する航空事故の調査は米国民間航空委員会が引続きその責任を有することを認める形で琉球に対し1958年制定の連邦航空法を適用することを確約している。琉球におけるその他の航空活動については民間航空委員会及び連邦航空局の技術的助言と援助の下、高等弁務官が規定することになつている。

この新しい措置は、琉球列島におけるすべての航空規則や航行援助施設の運営に對する米国防省の責任に影響を及ぼすことにはならない。空軍省は、極東の安全を維持する上に重要な役割りを果たしているこの戦略地域において軍事航空が益々必要とされている折衝、これらの協力を果し続けることになる。

高等弁務官は、近い将来、この行政命令にもとづいて、琉球列島における民間航空を管理する新しい布令と規則を公布することになつている。この法律は、厳重に定められた安全手続きと安全基準にもとづく島内民間航空事業に、はじめて米出人以外の参加と活動を許す法的基礎となるものである。

琉球の島内航空事業に参加したいとの申し込みが現在、エアー・アメリカ、プロパグ航空及び日本航空から提出されているが、この法令によつて、一社を選択することが可能となる。

新法令及び同施行細則が公布されるまでの臨時措置として、民政府は今日、高等弁務官布令61号を公布した。これは琉球内もしくは琉球を通過する国際線及び島内線の航空線に對して、連邦航空局が以前に発給したすべての航空運航証明書及び運航規定の効力を保持させるためである。

PRESIDENT JOHNSON ON FEBRUARY 13 SIGNED AN EXECUTIVE ORDER PROVIDING FOR THE REGULATION OF AIR TRANSPORTATION IN THE RYUKYU ISLANDS, ACCORDING TO NOTIFICATION FROM WASHINGTON, THE U.S. CIVIL ADMINISTRATION OF THE RYUKYU ISLANDS (USCAR), ANNOUNCED TODAY.

THE GROWTH OF AIR-CARRIER OPERATIONS WITHIN THE RYUKYU ISLANDS DURING THE PAST FEW YEARS HAS SUGGESTED THE DESIRABILITY OF HAVING THE U.S. CIVIL AERONAUTICS BOARD AND THE FEDERAL AVIATION AGENCY ASSIST THE HIGH COMMISSIONER OF THE RYUKYU ISLANDS WHO (UNDER DELEGATION FROM THE SECRETARY OF DEFENSE) IS RESPONSIBLE FOR THE CIVIL ADMINISTRATION OF THE RYUKYUS, BY CONTRIBUTING THEIR PROFESSIONAL AND TECHNICAL EXPERTISE TO SUCH OPERATIONS TO ENSURE THAT THEY ARE CONDUCTED WITH ECONOMIC SOUNDNESS, SAFETY, AND EFFICIENCY. BOTH OF THESE AGENCIES HAVE BEEN PARTICIPATING, FOR SOME YEARS, IN VARIOUS REGULATORY ACTIVITIES IN THIS AREA UNDER AND PURSUANT TO THE GENERAL AUTHORITY OF ARTICLE 3 OF THE TREATY OF PEACE WITH JAPAN.

THE ORDER CONFIRMS THE APPLICATION ~~OF THE FEDERAL AVIATION ACT OF 1958 TO THE RYUKYU ISLANDS~~ OF THE FEDERAL AVIATION ACT OF 1958 TO THE RYUKYU ISLANDS IN SUCH A MANNER AS PERMITS THE CIVIL AERONAUTICS BOARD TO RETAIN ITS RESPONSIBILITY (FOR THE ECONOMIC REGULATION) IN THE ISLANDS AND INVESTIGATION OF AIRCRAFT ACCIDENTS OCCURRING THEREIN.

OTHER AIR TRANSPORTATION ACTIVITIES IN THE ISLANDS WILL BE REGULATED BY THE HIGH COMMISSIONER, WITH THE TECHNICAL ADVICE AND ASSISTANCE OF THE CIVIL AERONAUTICS BOARD AND THE FEDERAL AVIATION AGENCY.

THE NEW MEASURES WILL NOT AFFECT THE RESPONSIBILITY OF THE DEPARTMENT OF DEFENSE FOR THE REGULATION OF ALL AIR TRAFFIC AND THE OPERATION OF ALL AIR NAVIGATION FACILITIES WITHIN THE RYUKYUAN ARCHIPELAGO. THE DEPARTMENT OF THE AIR FORCE WILL CONTINUE TO PERFORM THESE FUNCTIONS BECAUSE OF THE OVERRIDING REQUIREMENTS OF MILITARY AVIATION IN THIS STRATEGIC AREA, WHICH SERVES AN IMPORTANT ROLE IN PRESERVING THE SECURITY OF THE FAR EAST.

BASED ON THE EXECUTIVE ORDER, THE HIGH COMMISSIONER IN THE NEAR FUTURE WILL ISSUE A NEW ORDINANCE AND REGULATIONS GOVERNING CIVIL AIR TRANSPORTATION IN THE RYUKYU ISLANDS. THIS LEGISLATION WILL, FOR THE FIRST TIME, PROVIDE A SOUND LEGAL BASIS FOR THE PARTICIPATION OF NON-U.S. CITIZENS AND ACTIVITIES IN DOMESTIC CIVIL AIR TRANSPORTATION UNDER FIRMLY ESTABLISHED SAFETY PROCEDURES AND STANDARDS.

THIS LEGISLATION WILL PERMIT THE SELECTION OF A CARRIER FOR THE RYUKYUS' INTER-ISLAND AIR SERVICE FROM AMONG PROPOSALS SUBMITTED BY AIR AMERICA, ALOHA AIRLINES, AND JAPAN AIRLINES.

§ 1302. Consideration of matters in public interest by Board.

In the exercise and performance of its powers and duties under this chapter, the Board shall consider

SUBCHAPTER IV.—AIR CARRIER ECONOMIC REGULATION

§ 1371. Certificate of public convenience and necessity.

(a) Essentiality.

No air carrier shall engage in any air transportation unless there is in force a certificate issued by the Board authorizing such air carrier to engage in such transportation.

(b) Application.

Application for a certificate shall be made in writing to the Board and shall be so verified, shall be in such form and contain such information, and shall be accompanied by such proof of service upon such interested persons, as the Board shall by regulation require.

(c) Notice of application; filing of protest or memorandum; hearing.

Upon the filing of any such application, the Board shall give due notice thereof to the public by posting a notice of such application in the office of the secretary of the Board and to such other persons as the Board may by regulation determine. Any interested person may file with the Board a protest or memorandum of opposition to or in support of the issuance of a certificate. Such application shall be set for public hearing, and the Board shall dispose of such application as speedily as possible.

(d) Issuance.

(1) The Board shall issue a certificate authorizing the whole or any part of the transportation covered by the application, if it finds that the applicant is fit, willing, and able to perform such transportation properly, and to conform to the provisions of this chapter and the rules, regulations, and requirements of the Board hereunder, and that such transportation is required by the public convenience and necessity; otherwise such application shall be denied.

(2) In the case of an application for a certificate to engage in temporary air transportation, the Board may issue a certificate authorizing the whole or any part thereof for such limited periods as may be required by the public convenience and necessity, if it finds that the applicant is fit, willing, and able properly to perform such transportation and to conform to the provisions of this chapter and the rules, regulations, and requirements of the Board hereunder.

(e) Terms, conditions, and limitations.

Each certificate issued under this section shall specify the terminal points and intermediate points, if any, between which the air carrier is authorized to engage in air transportation and the service to be rendered; and there shall be attached to the exercise of the privileges granted by the certificate, or amendment thereto, such reasonable terms, conditions, and limitations as the public interest may require. A certificate issued under this section to engage in foreign air transportation shall, insofar as the operation is to take place without the United States, designate the terminal and intermediate points only insofar as the Board shall deem practicable, and otherwise shall designate only the gen-

eral route or routes to be followed. Any air carrier holding a certificate for foreign air transportation shall be authorized to handle and transport mail of countries other than the United States. No term, condition, or limitation of a certificate shall restrict the right of an air carrier to add to or change schedules, equipment, accommodations, and facilities for performing the authorized transportation and service as the development of the business and the demands of the public shall require. No air carrier shall be deemed to have violated any term, condition, or limitation of its certificate by landing or taking off during an emergency at a point not named in its certificate or by operating in an emergency under regulations which may be prescribed by the Board, between terminal and intermediate points other than those specified in its certificate. Any air carrier may make charter trips or perform any other special service, without regard to the points named in its certificate, under regulations prescribed by the Board.

(f) Effective date and duration.

Each certificate shall be effective from the date specified therein, and shall continue in effect until suspended or revoked as hereinafter provided, or until the Board shall certify that operation thereunder has ceased, or, if issued for a limited period of time under subsection (d) (2) of this section, shall continue in effect until the expiration thereof, unless, prior to the date of expiration, such certificate shall be suspended or revoked as provided herein, or the Board shall certify that operations thereunder have ceased: *Provided*, That if any service authorized by a certificate is not inaugurated within such period, not less than ninety days, after the date of the authorization as shall be fixed by the Board, or if, for a period of ninety days or such other period as may be designated by the Board any such service is not operated, the Board may by order, entered after notice and hearing, direct that such certificate shall thereupon cease to be effective to the extent of such service.

(g) Alteration, amendment, modification, suspension, or revocation.

The Board upon petition or complaint or upon its own initiative, after notice and hearings, may alter, amend, modify, or suspend any such certificate, in whole or in part, if the public convenience and necessity so require, or may revoke any such certificate, in whole or in part, for intentional failure to comply with any provision of this subchapter or any order, rule, or regulation issued hereunder or any term, condition, or limitation of such certificate: *Provided*, That no such certificate shall be revoked unless the holder thereof fails to comply, within a reasonable time to be fixed by the Board, with an order of the Board commanding obedience to the provision, or to the order (other than an order issued in accordance with this proviso), rule, regulation, term, condition, or limitation found by the Board to have been violated. Any interested person may file with the Board a protest or memorandum in support of or in opposition to the alteration, amendment, modification, suspension, or revocation of the certificate.

(j) Transfer.

No certificate may be transferred unless such transfer is approved by the Board as being consistent with the public interest.

(l) Rights in the use of airspace, airways, landing areas, or air-navigation facilities.

No certificate shall confer any proprietary, property, or exclusive right in the use of any airspace, Federal airway, landing area, or air-navigation facility.

(m) Abandonment of routes.

No air carrier shall abandon any route, or part thereof, for which a certificate has been issued by the Board, unless, upon the application of such air carrier, after notice and hearing, the Board shall find such abandonment to be in the public interest. Any interested person may file with the Board a protest or memorandum of opposition to or in support of any such abandonment. The Board may, by regulations or otherwise, authorize such temporary suspension of service as may be in the public interest.

(k) Compliance with labor legislation.

(1) Every air carrier shall maintain rates of compensation, maximum hours, and other working conditions and relations of all of its pilots and copilots who are engaged in interstate air transportation within the continental United States (not including Alaska) so as to conform with decision numbered 83 made by the National Labor Board on May 10, 1934, notwithstanding any limitation therein as to the period of its effectiveness.

(2) Every air carrier shall maintain rates of compensation for all of its pilots and copilots who are engaged in overseas or foreign air transportation or air transportation wholly within a Territory or possession of the United States, the minimum of which shall be not less, upon an annual basis, than the compensation required to be paid under said decision 83 for comparable service to pilots and copilots engaged in interstate air transportation within the continental United States (not including Alaska).

(3) Nothing herein contained shall be construed as restricting the right of any such pilots or copilots, or other employees, of any such air carrier to obtain by collective bargaining higher rates of compensation or more favorable working conditions or relations.

(4) It shall be a condition upon the holding of a certificate by any air carrier that such carrier shall comply with sections 181—183 of Title 45.

(5) The term "pilot" as used in this subsection shall mean an employee who is responsible for the manipulation of or who manipulates the flight controls of an aircraft while under way including takeoff and landing of such aircraft, and the term "copilot" as used in this subsection shall mean an employee any part of whose duty is to assist or relieve the pilot in such manipulation, and who is properly qualified to serve as, and holds a currently effective airman certificate authorizing him to serve as, such pilot or copilot.

(i) Carriage of mail.

Whenever so authorized by its certificate, any air carrier shall provide necessary and adequate facilities and service for the transportation of mail, and shall transport mail whenever required by the Postmaster General. Such air carrier shall be entitled to receive reasonable compensation therefor as hereinafter provided.

(n) Application for new mail service.

Whenever, from time to time, the Postmaster General shall find that the needs of the Postal Service require the transportation of mail by aircraft between any points within the United States or between the United States and foreign countries, in addition to the transportation of mail authorized in certificates then currently effective, the Postmaster General shall certify such finding to the Board and file therewith a statement showing such additional service and the facilities necessary in connection therewith, and a copy of such certification and statement shall be posted for at least twenty days in the office of the secretary of the Board. The Board shall, after notice and hearing, and if found by it to be required by the public convenience and necessity, make provision for such additional service, and the facilities necessary in connection therewith, by issuing a new certificate or certificates or by amending an existing certificate or certificates in accordance with the provisions of this section. (Pub. L. 85-726, title IV, § 401, Aug. 23, 1958, 72 Stat. 754.)

§ 1372. Permits to foreign air carriers.

(a) Necessity.

No foreign air carrier shall engage in foreign air transportation unless there is in force a permit issued by the Board authorizing such carrier so to engage.

(b) Issuance.

The Board is empowered to issue such a permit if it finds that such carrier is fit, willing, and able properly to perform such air transportation and to conform to the provisions of this chapter and the rules, regulations, and requirements of the Board hereunder, and that such transportation will be in the public interest.

(c) Application.

Application for a permit shall be made in writing to the Board, shall be so verified, shall be in such form and contain such information, and shall be accompanied by such proof of service upon such interested persons, as the Board shall by regulation require.

(d) Notice of application; filing of protest or memorandum; hearing.

Upon the filing of an application for a permit the Board shall give due notice thereof to the public by posting a notice of such application in the office

of the secretary of the Board and to such other persons as the Board may by regulation determine. Any interested person may file with the Board a protest or memorandum of opposition to or in support of the issuance of a permit. Such application shall be set for public hearing and the Board shall dispose of such application as speedily as possible.

(e) **Terms, conditions, and limitations.**

The Board may prescribe the duration of any permit and may attach to such permit such reasonable terms, conditions, or limitations as, in its judgment, the public interest may require.

(f) **Alteration, modification, amendment, suspension, cancellation, or revocation.**

Any permit issued under the provisions of this section may, after notice and hearing, be altered, modified, amended, suspended, canceled, or revoked by the Board whenever it finds such action to be in the public interest. Any interested person may file with the Board a protest or memorandum in support of or in opposition to the alteration, modification, amendment, suspension, cancellation, or revocation of a permit.

(g) **Transfer of permit.**

No permit may be transferred unless such transfer is approved by the Board as being in the public interest. (Pub. L. 85-726, title IV, § 402, Aug. 23, 1958, 72 Stat. 757.)

EFFECTIVE DATE

Section as effective on the 60th day following the date on which the Administrator of the Federal Aviation Agency first appointed under this chapter qualifies and takes office, see section 1505(2) of Pub. L. 85-726, set out as a note under section 1301 of this title.

§ 1373. **Tariffs of air carriers.**

(a) **Filing, posting, and publication; rejection of tariffs.**

Every air carrier and every foreign air carrier shall file with the Board, and print, and keep open to public inspection, tariffs showing all rates, fares, and charges for air transportation between points served by it, and between points served by it and points served by any other air carrier or foreign air carrier when through service and through rates shall have been established, and showing to the extent required by regulations of the Board, all classifications, rules, regulations, practices, and services in connection with such air transportation. Tariffs shall be filed, posted, and published in such form and manner, and shall contain such information, as the Board shall by regulation prescribe; and the Board is empowered to reject any tariff so filed which is not consistent with this section and such regulations. Any tariff so rejected shall be void. The rates, fares, and charges shown in any tariff shall be stated in terms of lawful money of the United States, but such tariffs may also state rates, fares, and charges in terms of currencies other than lawful money of the United States, and may, in the case of foreign air transportation, contain such information as may be required under the laws of any country in or to which an air carrier or foreign air carrier is authorized to operate.

(b) **Observance of tariffs; granting of rebates.**

No air carrier or foreign air carrier shall charge or demand or collect or receive a greater or less or different compensation for air transportation, or for any service in connection therewith, than the rates, fares, and charges specified in its currently effective tariffs; and no air carrier or foreign air carrier shall, in any manner or by any device, directly or indirectly, or through any agent or broker, or otherwise, refund or remit any portion of the rates, fares, or charges so specified, or extend to any person any privileges or facilities, with respect to matters required by those tariffs to be specified in such tariffs, except those specified therein. Nothing in this chapter shall prohibit such air carriers or foreign air carriers, under such terms and conditions as the Board may prescribe, from issuing or interchanging tickets or passes for free or reduced-rate transportation to their directors, officers, and employees and their immediate families; witnesses and attorneys attending any legal investigation in which any such air carrier is interested; persons injured in aircraft accidents and physicians and nurses attending such persons; and any person or property with the object of providing relief in cases of general epidemic, pestilence, or other calamitous visitation; and, in the case of overseas or foreign air transportation, to such other persons and under such other circumstances as the Board may by regulations prescribe. Any air carrier or foreign air carrier, under such terms and conditions as the Board may prescribe, may grant reduced-rate transportation to ministers of religion on a space-available basis.

(c) **Notice of change in tariff.**

No change shall be made in any rate, fare, or charge, or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, specified in any effective tariff of any air carrier or foreign air carrier, except after thirty days' notice of the proposed change filed, posted, and published in accordance with subsection (a) of this section. Such notice shall plainly state the change proposed to be made and the time such change will take effect. The Board may in the public interest, by regulation or otherwise, allow such change upon notice less than that herein specified, or modify the requirements of this section with respect to filing and posting of tariffs, either in particular instances or by general order applicable to special or peculiar circumstances or conditions.

(d) **Filing of divisions of rates and charges.**

Every air carrier or foreign air carrier shall keep currently on file with the Board, if the Board so requires, the established divisions of all joint rates, fares, and charges for air transportation in which such air carrier or foreign air carrier participates. (Pub. L. 85-726, title IV, § 403, Aug. 23, 1958, 72 Stat. 758.)

§ 1374. **Rates for carriage of persons and property; duty to provide service, rates, and divisions; discrimination.**

(a) It shall be the duty of every air carrier to provide and furnish interstate and overseas air transportation, as authorized by its certificate, upon reasonable request therefor, and to provide reasonable through service in such air transportation in connection with other air carriers; to provide safe and adequate service, equipment, and facilities in connection with such transportation; to establish, observe, and enforce just and reasonable individual and joint rates, fares, and charges and just and reasonable classifications, rules, regulations; and practices relating to such air transportation; and, in case of such joint rates, fares, and charges, to establish just, reasonable, and equitable divisions thereof as between air carriers participating therein which shall not unduly prefer or prejudice any of such participating air carriers.

(b) No air carrier or foreign air carrier shall make, give, or cause any undue or unreasonable preference or advantage to any particular person, port, locality, or description of traffic in air transportation in any respect whatsoever or subject any particular person, port, locality, or description of traffic in air transportation to any unjust discrimination or any undue or unreasonable prejudice or disadvantage in any respect whatsoever. § 1375. **Transportation of mail.**

(a) **Postal rules and regulations.**

The Postmaster General is authorized to make such rules and regulations, not inconsistent with the provisions of this chapter, or any order, rule, or regulation made by the Board thereunder, as may be necessary for the safe and expeditious carriage of mail by aircraft.

(b) **Mail schedules.**

Each air carrier shall, from time to time, file with the Board and the Postmaster General a statement showing the points between which such air carrier is authorized to engage in air transportation, and all schedules, and all changes therein, of aircraft regularly operated by the carrier between such points, setting forth in respect of each such schedule the points served thereby and the time of arrival and departure at each such point. The Postmaster General may designate any such schedule for the transportation of mail between the points between which the air carrier is authorized by its certificate to transport mail, and may, by order, require the air carrier to establish additional schedules for the transportation of mail between such points. No change shall be made in any schedule designated or ordered to be established by the Postmaster General except upon ten days' notice thereof filed as herein provided. The

Postmaster General may by order disapprove any such change or alter, amend, or modify any such schedule or change. No order of the Postmaster General under this subsection shall become effective until ten days after its issuance. Any person who would be aggrieved by any such order of the Postmaster General under this subsection may, before the expiration of such ten-day period, apply to the Board, under such regulations as it may prescribe, for a review of such order. The Board may review, and, if the public convenience and necessity so require, amend, revise, suspend, or cancel such order; and, pending such review and the determination thereof, may postpone the effective date of such order. The Board shall give preference to proceedings under this subsection over all proceedings pending before it. No air carrier shall transport mail in accordance with any schedule other than a schedule designated or ordered to be established under this subsection for the transportation of mail.

(c) **Maximum mail load.**

The Board may fix the maximum mail load for any schedule or for any aircraft or any type of aircraft; but, in the event that mail in excess of the maximum load is tendered by the Postmaster General for transportation by any air carrier in accordance with any schedule designated or ordered to be established by the Postmaster General under subsection (b) of this section for the transportation of mail, such air carrier shall, to the extent such air carrier is reasonably able as determined by the Board, furnish facilities sufficient to transport, and shall transport, such mail as nearly in accordance with such schedule as the Board shall determine to be possible.

(d) **Tender of mail.**

From and after the issuance of any certificate authorizing the transportation of mail by aircraft, the Postmaster General shall tender mail to the holder thereof, to the extent required by the Postal Service, for transportation between the points named in such certificate for the transportation of mail, and such mail shall be transported by the air carrier holding such certificate in accordance with such rules, regulations, and requirements as may be promulgated by the Postmaster General under this section.

(e) **Foreign postal arrangement.**

(1) Nothing in this chapter shall be deemed to abrogate or affect any arrangement made by the United States with the postal administration of any foreign country with respect to transportation of mail by aircraft, or to impair the authority of the Postmaster General to enter into any such arrangement with the postal administration of any foreign country.

(2) The Postmaster General may, in any case where service may be necessary by a person not a citizen of the United States who may not be obligated to transport the mail for a foreign country, make arrangements, without advertising, with such person for transporting mail by aircraft to or within any foreign country.

(f) Transportation of foreign mail.

(1) Any air carrier holding a certificate to engage in foreign air transportation and transporting mails of foreign countries shall transport such mails subject to control and regulation by the United States. The Postmaster General shall from time to time fix the rates of compensation that shall be charged the respective foreign countries for the transportation of their mails by such air carriers, and such rates shall be put into effect by the Postmaster General in accordance with the provisions of the postal convention regulating the postal relations between the United States and the respective foreign countries, or as provided hereinafter in this subsection. In any case where the Postmaster General deems such action to be in the public interest, he may approve rates provided in arrangements between any such air carrier and any foreign country covering the transportation of mails of such country, under which mails of such country have been carried on scheduled operations prior to January 1, 1938, or in extensions or modifications of such arrangements, and may permit any such air carrier to enter into arrangements with any foreign country for the transportation of its mails at rates fixed by the Postmaster General in advance of the making of any such arrangement. The Postmaster General may authorize any such air carrier, under such limitations as the Postmaster General may prescribe, to change the rates to be charged any foreign country for the transportation of its mails by such air carrier within that country or between that country and another foreign country.

(2) In any case where such air carrier has an arrangement with any foreign country for transporting its mails, made or approved in accordance with the provisions of paragraph (1) of this subsection, it shall collect its compensation from the foreign country under its arrangement, and in case of the absence of any arrangement between the air carrier and the foreign country consistent with this subsection, the collections made from the foreign country by the United States shall be for the account of such air carrier. *Provided*, That no such air carrier shall be entitled to receive compensation both from such foreign country and from the United States in respect of the transportation of the same mail or the same mails of foreign countries.

(g) Evidence of performance of mail service.

Air carriers transporting or handling United States mail shall submit, under signature of a duly authorized official, when and in such form as may be required by the Postmaster General, evidence of the performance of mail service; and air carriers transporting or handling mails of foreign countries shall submit, under signature of a duly authorized official, when and in such form as may be required by the Postmaster General, evidence of the amount of such mails transported or handled, and the compensation payable and received therefor.

(h) Emergency mail service.

In the event of emergency caused by flood, fire, or other calamitous visitation, the Postmaster General is authorized to contract, without advertising, for the transportation by aircraft of any or all

classes of mail to or from localities affected by such calamity, where available facilities of persons authorized to transport mail to or from such localities are inadequate to meet the requirements of the Postal Service during such emergency. Such contracts may be only for such periods as may be necessitated, for the maintenance of mail service, by the inadequacy of such other facilities. No operation pursuant to any such contract, for such period, shall be air transportation within the purview of this chapter. Payment of compensation for service performed under such contracts shall be made, at rates provided in such contracts, from appropriations for the transportation of mail by the means normally used for transporting the mail transported under such contracts.

(i) Experimental airmail service.

Nothing contained in this chapter shall be construed to repeal in whole or in part the provisions of section 470 of Title 39. The transportation of mail under contracts entered into under such section shall not, except for sections 1371(k) and 1386(b) of this title, be deemed to be "air transportation" as used in this chapter, and the rates of compensation for such transportation of mail shall not be fixed under this chapter.

(j) Free travel for postal employees.

Every air carrier carrying the mails shall carry on any plane that it operates and without charge therefor, the persons in charge of the mails when on duty, and such duly accredited agents and officers of the Post Office Department, and post office inspectors, while travelling on official business relating to the transportation of mail by aircraft, as the Board may by regulation prescribe, upon the exhibition of their credentials. (Pub. L. 85-726, title IV, § 405, Aug. 23, 1958; 72 Stat. 760.)

EFFECTIVE DATE

Section as effective on the 60th day following the date on which the Administrator of the Federal Aviation Agency first appointed under this chapter qualifies and takes office, see section 1505(2) of Pub. L. 85-726, set out as a note under section 1301 of this title.

§ 1376. Rates for transportation of mail.**(a) Authorization to fix rates.**

The Board is empowered and directed, upon its own initiative or upon petition of the Postmaster General or an air carrier, (1) to fix and determine from time to time, after notice and hearing, the fair and reasonable rates of compensation for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith (including the transportation of mail by an air carrier by other means than aircraft whenever such transportation is incidental to the transportation of mail by aircraft or is made necessary by conditions of emergency arising from aircraft operation); by each holder of a certificate authorizing the transportation of mail by aircraft, and to make such rates effective from such date as it shall determine to be proper, (2) to prescribe the method or methods, by aircraft-mile, pound-mile, weight, space, or any combination thereof, or otherwise, for ascertaining such rates of compensation for each air carrier or class of air carriers; and (3) to publish the same.

(b) Rate-making elements.

In fixing and determining fair and reasonable rates of compensation under this section, the Board, considering the conditions peculiar to transportation by aircraft and to the particular air carrier or class of air carriers, may fix different rates for different air carriers or classes of air carriers, and different classes of service. In determining the rate in each case, the Board shall take into consideration, among other factors, (1) the condition that such air carriers may hold and operate under certificates authorizing the carriage of mail only by providing necessary and adequate facilities and service for the transportation of mail; (2) such standards respecting the character and quality of service to be rendered by air carriers as may be prescribed by or pursuant to law; and (3) the need of each such air carrier for compensation for the transportation of mail sufficient to insure the performance of such service, and together with all other revenue of the air carrier, to enable such air carrier under honest, economical, and efficient management, to maintain and continue the development of air transportation to the extent and of the character and quality required for the commerce of the United States, the Postal Service, and the national defense.

(c) Payments for transportation of mail.

The Postmaster General shall make payments out of appropriations for the transportation of mail by aircraft of so much of the total compensation as is fixed and determined by the Board under this section without regard to clause (3) of subsection (b) of this section. The Board shall make payments of the remainder of the total compensation payable under this section out of appropriations made to the Board for that purpose.

(d) Treatment of proceeds of disposition of certain property.

In determining the need of an air carrier for compensation for the transportation of mail, and such carrier's "other revenue" for the purpose of this section, the Board shall not take into account—

(1) gains derived from the sale or other disposition of flight equipment if (A) the carrier notifies the Board in writing that it has invested or intends to reinvest the gains (less applicable expenses and taxes) derived from such sale or other disposition in flight equipment, and (B) submits evidence in the manner prescribed by the Board that an amount equal to such gains (less applicable expenses and taxes) has been expended for purchase of flight equipment or has been deposited in a special reequipment fund, or

(2) losses sustained from the sale or other disposition of flight equipment.

Any amounts so deposited in a reequipment fund as above provided shall be used solely for investment in flight equipment either through payments on account of the purchase price or construction of flight equipment or in retirement of debt contracted for the purchase or construction of flight equipment, and unless so reinvested within such reasonable time as the Board may prescribe, the carrier shall not have the benefit of this paragraph. Amounts so deposited in the reequipment fund shall not be

included as part of the carrier's used and useful investment for purposes of this section until expended as provided above. *Provided*, That the flight equipment in which said gains may be invested shall not include equipment delivered to the carrier prior to April 6, 1956. *Provided further*, That the provisions of this subsection shall be effective as to all capital gains or losses realized on and after April 6, 1956, with respect to the sale or other disposition of flight equipment whether or not the Board shall have entered a final order taking account thereof in determining all other revenue of the air carrier.

(e) Statements of Postmaster General and carrier.

Any petition for the fixing of fair and reasonable rates of compensation under this section shall include a statement of the rate the petitioner believes to be fair and reasonable. The Postmaster General shall introduce as part of the record in all proceedings under this section a comprehensive statement of all service to be required of the air carrier and such other information in his possession as may be deemed by the Board to be material to the inquiry.

(f) Weighing of mail.

The Postmaster General may weigh the mail transported by aircraft and make such computations for statistical and administrative purposes as may be required in the interest of the mail service. The Postmaster General is authorized to employ such clerical and other assistance as may be required in connection with proceedings under this chapter. If the Board shall determine that it is necessary or advisable, in order to carry out the provisions of this chapter, to have additional and more frequent weighing of the mails, the Postmaster General, upon request of the Board shall provide therefor in like manner, but such weighing need not be for continuous periods of more than thirty days.

(g) Availability of appropriations.

Except as otherwise provided in section 1375(h) of this title, the unexpended balances of all appropriations for the transportation of mail by aircraft pursuant to contracts entered into under the Air Mail Act of 1934, as amended, and the unexpended balances of all appropriations available for the transportation of mail by aircraft in Alaska, shall be available, in addition to the purposes stated in such appropriations, for the payment of compensation by the Postmaster General as provided in this chapter, for the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, between points in the continental United States or between points in Hawaii or in Alaska or between points in the continental United States and points in Canada within one hundred and fifty miles of the international boundary line. Except as otherwise provided in section 1375(h) of this title, the unexpended balances of all appropriations for the transportation of mail by aircraft pursuant to contracts entered into under the Act of March 8, 1928, as amended, shall be available, in addition to the purposes stated in such appropriations, for payment to be made by the Postmaster General, as provided by this chapter, in respect of

the transportation of mail by aircraft, the facilities used and useful therefor, and the services connected therewith, between points in the United States and points outside thereof, or between points in the continental United States and Territories or possessions of the United States, or between Territories or possessions of the United States.

(h) Payments to foreign air carriers.

In any case where air transportation is performed between the United States and any foreign country, both by aircraft owned or operated by one or more air carriers holding a certificate under this subchapter and by aircraft owned or operated by one or more foreign air carriers, the Postmaster General shall not pay to or for the account of any such foreign air carrier a rate of compensation for transporting mail by aircraft between the United States and such foreign country, which, in his opinion, will result (over such reasonable period as the Postmaster General may determine, taking account of exchange fluctuations and other factors) in such foreign air carrier receiving a higher rate of compensation for transporting such mail than such foreign country pays to air carriers for transporting its mail by aircraft between such foreign country and the United States, or receiving a higher rate of compensation for transporting such mail than a rate determined by the Postmaster General to be comparable to the rate such foreign country pays to air carriers for transporting its mail by aircraft between such foreign country and intermediate country on the route of such air carrier between such foreign country and the United States. § 1377. Accounts, records, and reports.

(a) Filing of reports.

The Board is empowered to require annual, monthly, periodical, and special reports from any air carrier; to prescribe the manner and form in which such reports shall be made; and to require from any air carrier specific answers to all questions upon which the Board may deem information to be necessary. Such reports shall be under oath whenever the Board so requires. The Board may also require any air carrier to file with it a true copy of each or any contract, agreement, understanding, or arrangement, between such air carrier and any other carrier or person, in relation to any traffic affected by the provisions of this chapter.

(b) Disclosure of stock ownership.

Each air carrier shall submit annually, and at such other times as the Board shall require, a list

showing the names of each of its stockholders or members holding more than 5 per centum of the entire capital stock or capital, as the case may be, of such air carrier, together with the name of any person for whose account, if other than the holder, such stock is held; and a report setting forth a description of the shares of stock, or other interest, held by such air carrier, or for its account, in persons other than itself.

(c) Disclosure of stock ownership by officer or director.

Each officer and director of an air carrier shall annually and at such other times as the Board shall require, transmit to the Board a report describing the shares of stock or other interests held by him in any air carrier, any person engaged in any phase of aeronautics, or any common carrier, and in any person whose principal business, in purpose or in fact, is the holding of stock in, or control of, air carriers, other persons engaged in any phase of aeronautics, or common carriers.

(d) Form of accounts, records, and memoranda.

The Board shall prescribe the forms of any and all accounts, records, and memoranda to be kept by air carriers, including the accounts, records, and memoranda of the movement of traffic, as well as of the receipts and expenditures of money, and the length of time such accounts, records, and memoranda shall be preserved; and it shall be unlawful for air carriers to keep any accounts, records, or memoranda other than those prescribed or approved by the Board: *Provided*, That any air carrier may keep additional accounts, records, or memoranda if they do not impair the integrity of the accounts, records, or memoranda prescribed or approved by the Board and do not constitute an undue financial burden on such air carrier.

(e) Inspection of accounts and property.

The Board shall at all times have access to all lands, buildings, and equipment of any carrier and to all accounts, records, and memoranda, including all documents, papers, and correspondence, now or hereafter existing, and kept or required to be kept by air carriers; and it may employ special agents or auditors, who shall have authority under the orders of the Board to inspect and examine any and all such lands, buildings, equipment, accounts, records, and memoranda. The provisions of this section shall apply, to the extent found by the Board to be reasonably necessary for the administration of this chapter, to persons having control over any air carrier, or affiliated with any air carrier within the meaning of section 5(8) of this title. (Pub. L. 85-726, title IV, § 407, Aug. 23, 1958, 72 Stat. 766.)

EFFECTIVE DATE

Section as effective on the 60th day following the date on which the Administrator of the Federal Aviation Agency first appointed under this chapter qualifies and takes office, see section 1505(2) of Pub. L. 85-726, set out as a note under section 1301 of this title.

§ 1378. Consolidation, merger, and acquisition of control.

(a) Prohibited acts.

It shall be unlawful unless approved by order of the Board as provided in this section—

(1) For two or more air carriers, or for any air carrier and any other common carrier or any person engaged in any other phase of aeronautics, to consolidate or merge their properties, or any part thereof, into one person for the ownership, management, or operation of the properties theretofore in separate ownerships;

(2) For any air carrier, any person controlling an air carrier, any other common carrier, or any person engaged in any other phase of aeronautics, to purchase, lease, or contract to operate the properties, or any substantial part thereof, of any air carrier;

(3) For any air carrier or person controlling an air carrier to purchase, lease, or contract to operate the properties, or any substantial part thereof, of any person engaged in any phase of aeronautics otherwise than as an air carrier;

(4) For any foreign air carrier or person controlling a foreign air carrier to acquire control, in any manner whatsoever, of any citizen of the United States engaged in any phase of aeronautics;

(5) For any air carrier or person controlling an air carrier, any other common carrier, or any person engaged in any other phase of aeronautics, to acquire control of any air carrier in any manner whatsoever;

(6) For any air carrier or person controlling an air carrier to acquire control, in any manner whatsoever, of any person engaged in any phase of aeronautics otherwise than as an air carrier;

(7) For any person to continue to maintain any relationship established in violation of any of the foregoing subdivisions of this subsection.

(b) Application to Board; hearing; approval.

Any person seeking approval of a consolidation, merger, purchase, lease, operating contract, or acquisition of control, specified in subsection (a) of this section, shall present an application to the Board, and thereupon the Board shall notify the persons involved in the consolidation, merger, purchase, lease, operating contract, or acquisition of control, and other persons known to have a substantial interest in the proceeding, of the time and place of a public hearing. Unless, after such hearing, the Board finds that the consolidation, merger, purchase, lease, operating contract, or acquisition of control will not be consistent with the public interest or that the conditions of this section will not be fulfilled, it shall by order approve such consolidation, merger, purchase, lease, operating contract, or acquisition of control, upon such terms and conditions as it shall find to be just and reasonable and with such modifications as it may prescribe: *Provided*, That the Board shall not approve any consolidation, merger, purchase, lease, operating contract, or acquisition of control which would result in creating a monopoly or monopolies and thereby restrain competition or jeopardize another air carrier not a party to the consolidation, merger, purchase, lease, operating contract, or acquisition of control: *Provided further*, That if the applicant is a carrier other than an air carrier, or a person controlled by a carrier other than an air carrier or

affiliated therewith within the meaning of section 5(8) of this title, such applicant shall for the purposes of this section be considered an air carrier and the Board shall not enter such an order of approval unless it finds that the transaction proposed will promote the public interest by enabling such carrier other than an air carrier to use aircraft to public advantage in its operation and will not restrain competition.

(c) Interests in ground facilities.

The provisions of this section and section 1379 of this title shall not apply with respect to the acquisition or holding by any air carrier, or any officer or director thereof, of (1) any interest in any ticket office, landing area, hangar, or other ground facility reasonably incidental to the performance by such air carrier of any of its services, or (2) any stock or other interest or any office or directorship in any person whose principal business is the maintenance or operation of any such ticket office, landing area, hangar, or other ground facility.

(d) Jurisdiction of accounts of noncarriers.

Whenever, after the effective date of this section, a person, not an air carrier, is authorized, pursuant to this section, to acquire control of an air carrier, such person thereafter shall, to the extent found by the Board to be reasonably necessary for the administration of this chapter, be subject, in the same manner as if such person were an air carrier, to the provisions of this chapter relating to accounts, records, and reports, and the inspection of facilities and records, including the penalties applicable in the case of violations thereof.

(e) Investigation of violations.

The Board is empowered, upon complaint or upon its own initiative, to investigate and, after notice and hearing, to determine whether any person is violating any provision of subsection (a) of this section. If the Board finds after such hearing that such person is violating any provision of such subsection, it shall by order require such person to take such action, consistent with the provisions of this chapter, as may be necessary, in the opinion of the Board, to prevent further violation of such provision. (Pub. L. 85-726, title IV, § 408, Aug. 23, 1958, 72 Stat. 767.)

§ 1379. Prohibited interests; interlocking relationships; profit from transfer of securities.

(a) It shall be unlawful, unless such relationship shall have been approved by order of the Board upon due showing, in the form and manner prescribed by the Board, that the public interest will not be adversely affected thereby—

(1) For any air carrier to have and retain an officer or director who is an officer, director, or member, or who as a stockholder holds a controlling interest, in any other person who is a common carrier or is engaged in any phase of aeronautics.

(2) For any air carrier, knowingly and willfully, to have and retain an officer or director who has a representative or nominee who represents such officer or director as an officer, director, or member, or as a stockholder holding a controlling interest, in any other person who is a common carrier or is engaged in any phase of aeronautics.

(3) For any person who is an officer or director of an air carrier to hold the position of officer, director, or member, or to be a stockholder holding a controlling interest, or to have a representative or nominee who represents such person as an officer, director, or member, or as a stockholder holding a controlling interest, in any other person who is a common carrier or is engaged in any phase of aeronautics.

(4) For any air carrier to have and retain an officer or director who is an officer, director, or member, or who as a stockholder holds a controlling interest, in any person whose principal business, in purpose or in fact, is the holding of stock in, or control of, any other person engaged in any phase of aeronautics.

(5) For any air carrier, knowingly and willfully, to have and retain an officer or director who has a representative or nominee who represents such officer or director as an officer, director, or member, or as a stockholder holding a controlling interest, in any person whose principal business, in purpose or in fact, is the holding of stock in, or control of, any other person engaged in any phase of aeronautics.

(6) For any person who is an officer or director of an air carrier to hold the position of officer, director, or member, or to be a stockholder holding a controlling interest, or to have a representative or nominee who represents such person as an officer, director, or member, or as a stockholder holding a controlling interest, in any person whose principal business, in purpose or in fact, is the holding of stock in, or control of, any other person engaged in any phase of aeronautics.

(b) It shall be unlawful for any officer or director of any air carrier to receive for his own benefit, directly or indirectly, any money or thing of value in respect of negotiation, hypothecation, or sale of any securities issued or to be issued by such carrier, or to share in any of the proceeds thereof. § 1380. Loans and financial aid.

The Board is empowered to approve or disapprove, in whole or in part, any and all applications made after the effective date of this section for or in connection with any loan or other financial aid from the United States or any agency thereof, or for the benefit of, any air carrier. No such loan or financial aid shall be made or given without such approval, and the terms and conditions

§ 1381. Methods of competition.

The Board may, upon its own initiative or upon complaint by any air carrier, foreign air carrier, or ticket agent, if it considers that such action by it would be in the interest of the public, investigate and determine whether any air carrier, foreign air carrier, or ticket agent has been or is engaged in unfair or deceptive practices or unfair methods of competition in air transportation or the sale thereof. If the Board shall find, after notice and hearing, that such air carrier, foreign air carrier, or ticket agent is engaged in such unfair or deceptive practices or unfair methods of competition, it shall order such air carrier, foreign air carrier, or ticket agent to cease and desist from such practices or methods of competition. § 1382. Pooling and other agreements; filing; approval by Board.

(a) Every air carrier shall file with the Board a true copy, or, if oral, a true and complete memorandum, of every contract or agreement (whether enforceable by provisions for liquidated damages, penalties, bonds, or otherwise) affecting air transportation and in force on the effective date of this section or hereafter entered into, or any modification or cancellation thereof, between such air carrier and any other air carrier, foreign air carrier, or other carrier for pooling or apportioning earnings, losses, traffic, service, or equipment, or relating to the establishment of transportation rates, fares, charges, or classifications, or for preserving and improving safety, economy, and efficiency of operation, or for controlling, regulating, preventing, or otherwise eliminating destructive, oppressive, or wasteful competition, or for regulating stops, schedules, and character of service, or for other cooperative working arrangements.

(b) The Board shall by order disapprove any such contract or agreement, whether or not previously approved by it, that it finds to be adverse to the public interest, or in violation of this chapter, and shall by order approve any such contract or agreement, or any modification or cancellation thereof, that it does not find to be adverse to the public interest, or in violation of this chapter; except that the Board may not approve any contract or agreement between an air carrier not directly engaged in the operation of aircraft in air transportation and a common carrier subject to the Inter-

state Commerce Act, as amended, governing the compensation to be received by such common carrier for transportation services performed by it. (Pub. L. 85-726, title IV, § 412, Aug. 23, 1958, 72 Stat. 770.)

imprisonment not exceeding one year, or to both such fine and imprisonment: *Provided*, That when death or bodily injury of any person results from an offense punishable under this subsection, the person or persons convicted thereof shall, in lieu of the foregoing penalty, be subject to a fine of not more than \$10,000 or to imprisonment not exceeding ten years, or to both such fine and imprisonment.

Whenever the offense is begun in one jurisdiction and completed in another it may be dealt with, inquired of, tried, determined, and punished in either jurisdiction in the same manner as if the offense had been actually and wholly committed therein.

(b) (1) Any civil penalty imposed under this chapter may be collected by proceedings in personam against the person subject to the penalty and, in case the penalty is a lien, by proceedings in rem against the aircraft, or by either method alone. Such proceedings shall conform as nearly as may be to civil suits in admiralty, except that either party may demand trial by jury of any issue of fact, if the value in controversy exceeds \$20, and the facts so tried shall not be reexamined other than in accordance with the rules of the common law. The fact that in a libel in rem the seizure is made at a place not upon the high seas or navigable waters of the United States shall not be held in any way to limit the requirement of the conformity of the proceedings to civil suits in rem in admiralty.

(2) Any aircraft subject to such lien may be summarily seized by and placed in the custody of such persons as the Board or Administrator may by reg-

ulation prescribe, and a report of the cause shall thereupon be transmitted to the United States attorney for the judicial district in which the seizure is made. The United States attorney shall promptly institute proceedings for the enforcement of the lien or notify the Board or Administrator of his failure to so act.

(3) The aircraft shall be released from such custody upon payment of the penalty or the amount agreed upon in compromise; or seizure in pursuance of process of any court in proceedings in rem for enforcement of the lien, or notification by the United States attorney of failure to institute such proceedings; or deposit of a bond in such amount and with such sureties as the Board or Administrator may prescribe, conditioned upon the payment of the penalty or the amount agreed upon in compromise.

(4) The Supreme Court of the United States, and under its direction other courts of the United States, may prescribe rules regulating such proceedings in any particular not provided by law. (Pub. L. 85-726, title IX, § 903, Aug. 23, 1958, 72 Stat. 786.)

Any person violating any customs regulation made under section 1509(b) of this title, or any provision of the customs or public-health laws or regulations thereunder made applicable to aircraft by regulation under such section shall be subject to a civil penalty of \$500, and any aircraft used in connection with any such violation shall be subject to seizure and forfeiture as provided for in such customs laws, which penalty and forfeiture may be remitted or mitigated by the Secretary of the Treasury. In case the violation is by the owner or person in command of the aircraft, the penalty shall be a lien against the aircraft. Any person violating any provision of the laws and regulations relating to animal and plant quarantine made applicable to civil air navigation by regulation in accordance with section 1509(d) of this title shall be subject to the same penalties as those provided by the said laws for violations thereof. Any civil penalty imposed under this section may be collected by proceedings in personam against the person subject to the penalty and/or in case the penalty is a lien, by proceedings in rem against the aircraft. Such proceedings shall conform as nearly as may be to civil suits in admiralty; except that either party may demand trial by jury of any issue of fact, if the value in controversy exceeds \$20, and facts so tried shall not be reexamined other than

in accordance with the rules of the common law. The fact that in a libel in rem the seizure is made at a place not upon the high seas or navigable waters of the United States, shall not be held in any way to limit the requirement of the conformity of the proceedings to civil suits in rem in admiralty. The Supreme Court of the United States, and under its direction other courts of the United States, are authorized to prescribe rules regulating such proceedings in any particular not provided by law. The determination under this section as to the remission or mitigation of a civil penalty imposed under this section shall be final. In case libel proceedings are pending at any time during the pendency of remission or mitigation proceedings, the Secretary or Attorney General shall give notice thereof to the United States attorney prosecuting the libel proceedings.

(b) Any aircraft subject to a lien for any civil penalty imposed under this section may be summarily seized by and placed in the custody of such persons as the appropriate Secretary or Attorney General may by regulation prescribe and a report of the case thereupon transmitted to the United States attorney for the judicial district in which the seizure is made. The United States attorney shall promptly institute proceedings for the enforcement of the lien or notify the Secretary of his failure to so act. The aircraft shall be released from such custody upon (1) payment of the penalty or so much thereof as is not remitted or mitigated, (2) seizure in pursuance of process of any court in proceedings in rem for enforcement of the lien, or notification by the United States attorney of failure to institute such proceedings, or (3) deposit of a bond in such amount and with such sureties as the Secretary or Attorney General may prescribe, conditioned upon the payment of the penalty or so much thereof as is not remitted or mitigated. (a) Filing of complaints; complaints against members of the Armed Forces.

Any person may file with the Administrator or the Board, as to matters within their respective jurisdictions, a complaint in writing with respect to anything done or omitted to be done by any person in contravention of any provisions of this chapter, or of any requirement established pursuant thereto. If the person complained against shall not satisfy the complaint and there shall appear to be any reasonable ground for investigating the complaint, it shall be the duty of the Administrator or the Board to investigate the matters complained of. Whenever the Administrator or the Board is of the opinion that any complaint does not state facts which warrant an investigation or action, such complaint may be dismissed without hearing. In the case of complaints against a member of the Armed Forces of the United States acting in the performance of his official duties, the Administrator or the Board, as the case may be, shall refer the complaint to the Secretary of the department concerned for action. The Secretary shall, within ninety days after receiving such a complaint, inform the Administrator or the Board of his disposition of the complaint, including a report as to any corrective or disciplinary actions taken.

(b) Investigations on initiative of Administrator or Board.

The Administrator or Board, with respect to matters within their respective jurisdictions, is empowered at any time to institute an investigation, on their own initiative, in any case and as to any matter or thing within their respective jurisdictions, concerning which complaint is authorized to be made to or before the Administrator or Board by any provision of this chapter, or concerning which any question may arise under any of the provisions of this chapter, or relating to the enforcement of any of the provisions of this chapter. The Administrator or the Board shall have the same power to proceed with any investigation instituted on their own motion as though it had been appealed to by complaint.

(c) Entry of orders for compliance with chapter.

If the Administrator or the Board finds, after notice and hearing, in any investigation instituted upon complaint or upon their own initiative, with respect to matters within their jurisdiction, that

any person has failed to comply with any provision of this chapter or any requirement established pursuant thereto, the Administrator or the Board shall issue an appropriate order to compel such person to comply therewith.

(d) Power to prescribe rates and practices of air carriers.

Whenever, after notice and hearing, upon complaint, or upon its own initiative, the Board shall be of the opinion that any individual or joint rate, fare, or charge demanded, charged, collected or received by any air carrier for interstate or overseas air transportation, or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, is or will be unjust or unreasonable, or unjustly discriminatory, or unduly preferential, or unduly prejudicial, the Board shall determine and prescribe the lawful rate, fare, or charge (or the maximum or minimum, or the maximum and minimum thereof) thereafter to be demanded, charged, collected, or received, or the lawful classification, rule, regulation, or practice thereafter to be made effective: *Provided*, That as to rates, fares, and charges for overseas air transportation, the Board shall determine and prescribe only a just and reasonable maximum or minimum, or maximum and minimum rate, fare, or charge.

(e) Rule of rate making.

In exercising and performing its powers and duties with respect to the determination of rates for the carriage of persons or property, the Board shall take into consideration, among other factors—

- (1) The effect of such rates upon the movement of traffic;
- (2) The need in the public interest of adequate and efficient transportation of persons and property by air carriers at the lowest cost consistent with the furnishing of such service;
- (3) Such standards respecting the character and quality of service to be rendered by air carriers as may be prescribed by or pursuant to law;
- (4) The inherent advantages of transportation by aircraft; and
- (5) The need of each air carrier for revenue sufficient to enable such air carrier, under honest, economical, and efficient management, to provide adequate and efficient air carrier service.

(f) Removal of discrimination in foreign air transportation.

Whenever, after notice and hearing, upon complaint, or upon its own initiative, the Board shall be of the opinion that any individual or joint rate, fare, or charge demanded, charged, collected, or received by any air carrier or foreign air carrier for foreign air transportation, or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, is or will be unjustly discriminatory, or unduly preferential, or unduly prejudicial, the Board may alter the same to the extent necessary to correct such discrimination, preference, or prejudice and make an order that the air carrier or foreign air carrier shall discontinue demanding, charging, collecting, or receiving any such discriminatory, preferential, or

prejudicial rate, fare, or charge or enforcing any such discriminatory, preferential, or prejudicial classification, rule, regulation, or practice.

(g) **Suspension of rates.**

Whenever any air carrier shall file with the Board a tariff stating a new individual or joint (between air carriers) rate, fare, or charge for interstate or overseas air transportation or any classification, rule, regulation, or practice affecting such rate, fare, or charge, or the value of the service thereunder, the Board is empowered, upon complaint or upon its own initiative, at once, and, if it so orders, without answer or other formal pleading by the air carrier, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, fare, or charge, or such classification, rule, regulation, or practice; and pending such hearing and the decision thereon, the Board, by filing with such tariff, and delivering to the air carrier affected thereby, a statement in writing of its reasons for such suspension, may suspend the operation of such tariff and defer the use of such rate, fare, or charge, or such classification, rule, regulation, or practice, for a period of ninety days, and, if the proceeding has not been concluded and a final order made within such period, the Board may, from time to time, extend the period of suspension, but not for a longer period in the aggregate than one hundred and eighty days beyond the time when such tariff would otherwise go into effect; and, after hearing, whether completed before or after the rate, fare, charge, classification, rule, regulation, or practice goes into effect, the Board may make such order with reference thereto as would be proper in a proceeding instituted after such rate, fare, charge, classification, rule, regulation, or practice had become effective. If the proceeding has not been concluded and an order made within the period of suspension, the proposed rate, fare, charge, classification, rule, regulation, or practice shall go into effect at the end of such period: *Provided*, That this subsection shall not apply to any initial tariff filed by any air carrier.

(h) **Power to prescribe divisions of rates.**

Whenever, after notice and hearing, upon complaint or upon its own initiative, the Board is of the opinion that the divisions of joint rates, fares, or charges for air transportation are or will be unjust, unreasonable, inequitable, or unduly preferential or prejudicial as between the air carriers or foreign air carriers parties thereto, the Board shall prescribe the just, reasonable, and equitable divisions thereof to be received by the several air carriers. The Board may require the adjustment of divisions between such air carriers from the date of filing the complaint or entry of order of investigation, or such other date subsequent thereto as the Board finds to be just, reasonable, and equitable.

(i) **Power to establish through air transportation service.**

The Board shall, whenever required by the public convenience and necessity, after notice and hearing, upon complaint or upon its own initiative, establish through service and joint rates, fares, or charges (or the maxima or minima, or the maxima and minima

thereof) for interstate or overseas air transportation, or the classifications, rules, regulations, or practices affecting such rates, fares, or charges, or the value of the service thereunder, and the terms and conditions under which such through service shall be operated: *Provided*, That as to joint rates, fares, and charges for overseas air transportation the Board shall determine and prescribe only just and reasonable maximum or minimum or maximum and minimum joint rates, fares, or charges: (Pub. L. 85-726, title X, § 1002, Aug. 23, 1958, 72 Stat. 788.)

EFFECTIVE DATE

Section as effective on the 60th day following the date on which the Administrator of the Federal Aviation Agency first appointed under this chapter qualifies and takes office, see section 1505(2) of Pub. L. 85-726, set out as a note under section 1301 of this title.

§ 1483. Joint Boards.

(a) **Designation.**

The Board and the Interstate Commerce Commission shall direct their respective chairmen to designate, from time to time, a like number of members of each to act as a joint board to consider and pass upon matters referred to such board as provided in subsection (c) of this section.

(b) **Through service and joint rates.**

Air carriers may establish reasonable through service and joint rates, fares, and charges with other common carriers; except that with respect to transportation of property, air carriers not directly engaged in the operation of aircraft in air transportation (other than companies engaged in the air express business) may not establish joint rates or charges, under the provisions of this subsection, with common carriers subject to the Interstate Commerce Act. In case of through service by air carriers and common carriers subject to the Interstate Commerce Act, it shall be the duty of the carriers parties thereto to establish just and reasonable rates, fares, or charges and just and reasonable classifications, rules, regulations, and practices affecting such rates, fares, or charges, or the value of the service thereunder, and if joint rates, fares, or charges shall have been established with respect to such through service, just, reasonable, and equitable divisions of such joint rates, fares, or charges as between the carriers participating therein. Any air carrier, and any common carrier subject to the Interstate Commerce Act, which is participating in such through service and joint rates, fares, or charges, shall include in its tariffs, filed with the Civil Aeronautics Board or the Interstate Commerce Commission, as the case may be, a statement showing such through service and joint rates, fares, or charges.

(c) **Jurisdiction of Boards.**

Matters relating to such through service and joint rates, fares, or charges may be referred by the Board or the Interstate Commerce Commission, upon complaint or upon its own initiative, to a joint board created as provided in subsection (a) of this section. Complaints may be made to the Interstate Commerce Commission or the Board with respect to any matter which may be referred to a joint board under this subsection.

(d) **Power of Boards.**

With respect to matters referred to any joint board as provided in subsection (c) of this section, if such board finds, after notice and hearing, that any such joint rate, fare, or charge, or classification, rule, regulation, or practice, affecting such joint rate, fare, or charge or the value of the service thereunder is or will be unjust, unreasonable, unjustly discriminatory, or unduly preferential or prejudicial, or that any division of any such joint rate, fare, or charge, is or will be unjust, unreasonable, inequitable, or unduly preferential or prejudicial as between the carriers parties thereto, it is authorized and directed to take the same action with respect thereto as the Board is empowered to take with respect to any joint rate, fare, or charge, between air carriers, or any divisions thereof, or any classification, rule, regulation, or practice affecting such joint rate, fare, or charge or the value of the service thereunder.

(e) **Judicial enforcement and review of orders.**

Orders of the joint boards shall be enforceable and reviewable as provided in this chapter with respect to orders of the Board. (Pub. L. 85-726, title X, § 1003, Aug. 23, 1958, 72 Stat. 791.)

§ 1484. Evidence.

(a) **Power to take evidence.**

Any member or examiner of the Board, when duly designated by the Board for such purpose, may hold hearings, sign and issue subpoenas, administer oaths, examine witnesses, and receive evidence at any place in the United States designated by the Board. In all cases heard by an examiner or a single member the Board shall hear or receive argument on request of either party.

(b) **Issuance of subpoenas; witness fees.**

For the purposes of this chapter the Board shall have the power to require by subpoena the attendance and testimony of witnesses and the production of all books, papers, and documents relating to any matter under investigation. Witnesses summoned before the Board shall be paid the same fees and mileage that are paid witnesses in the courts of the United States.

(c) **Enforcement of subpoenas.**

The attendance of witnesses, and the production of books, papers, and documents, may be required from any place in the United States, at any designated place of hearing. In case of disobedience to a subpoena, the Board, or any party to a proceeding before the Board, may invoke the aid of any court of the United States in requiring attendance and testimony of witnesses and the production of such books, papers, and documents under the provisions of this section.

(d) **Contempt.**

Any court of the United States within the jurisdiction of which an inquiry is carried on may, in case of contumacy or refusal to obey a subpoena issued to any person, issue an order requiring such person to appear before the Board (and produce books, papers, or documents if so ordered) and give evidence touching the matter in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof.

(e) **Depositions.**

The Board may order testimony to be taken by deposition in any proceeding or investigation pending before it, at any stage of such proceeding or investigation. Such depositions may be taken before any person designated by the Board and having power to administer oaths. Reasonable notice must first be given in writing by the party or his attorney proposing to take such deposition to the opposite party or his attorney of record, which notice shall state the name of the witness and the time and place of the taking of his deposition. Any person may be compelled to appear and depose, and to produce books, papers, or documents, in the same manner as witnesses may be compelled to appear and testify and produce like documentary evidence before the Board, as hereinbefore provided.

(f) **Method of taking depositions.**

Every person deposing as herein provided shall be cautioned and shall be required to swear (or affirm, if he so requests) to testify the whole truth, and shall be carefully examined. His testimony shall be reduced to writing by the person taking the deposition, or under his direction, and shall, after it has been reduced to writing, be subscribed by the deponent. All depositions shall be promptly filed with the Board.

(g) **Foreign depositions.**

If a witness whose testimony may be desired to be taken by deposition be in a foreign country, the deposition may be taken, provided the laws of the foreign country so permit, by a consular officer or other person commissioned by the Board, or agreed upon by the parties by stipulation in writing to be filed with the Board, or may be taken under letters rogatory issued by a court of competent jurisdiction at the request of the Board.

(h) **Fees in connection with depositions.**

Witnesses whose depositions are taken as authorized in this chapter, and the persons taking the same, shall severally be entitled to the same fees as are paid for like services in the courts of the United States: *Provided*, That with respect to commissions or letters rogatory issued at the initiative of the Board, executed in foreign countries, the Board shall pay such fees, charges, or expenses incidental thereto as may be found necessary, in accordance with regulations on the subject to be prescribed by the Board.

(i) **Compelling testimony.**

No person shall be excused from attending and testifying, or from producing books, papers, or documents before the Board, or in obedience to the sub-

pena of the Board, or in any cause or proceeding, criminal or otherwise, based upon or growing out of any alleged violation of this chapter, or of any rule, regulation, requirement, or order thereunder, or any term, condition, or limitation of any certificate or permit, on the ground, or for the reason, that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that any individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. § 1485. Orders, notices, and service.

(a) Effective date of orders; emergency orders.

Except as otherwise provided in this chapter, all orders, rules, and regulations of the Board or the Administrator shall take effect within such reasonable time as the Board or Administrator may prescribe, and shall continue in force until their further order, rule, or regulation, or for a specified period of time, as shall be prescribed in the order, rule, or regulation. *Provided*, That whenever the Administrator is of the opinion that an emergency requiring immediate action exists in respect of safety in air commerce, the Administrator is authorized, whether upon complaint or his own initiative without complaint, at once, if he so orders, without answer or other form of pleading by the interested person or persons, and with or without notice, hearing, or the making or filing of a report, to make such just and reasonable orders, rules, or regulations, as may be essential in the interest of safety in air commerce to meet such emergency. *Provided further*, That the Administrator shall immediately initiate proceedings relating to the matters embraced in any such order, rule, or regulation, and shall, insofar as practicable, give preference to such proceedings over all others under this chapter.

(b) Designation of agent for service.

It shall be the duty of every air carrier and foreign air carrier to designate in writing an agent upon whom service of all notices and process and all orders, decisions, and requirements of the Board and the Administrator may be made for and on behalf of said carrier, and to file such designation with the Administrator and in the office of the secretary of the Board, which designation may from time to time be changed by like writing similarly filed. Service of all notices and process and orders, decisions, and requirements of the Administrator or the Board may be made upon such carrier by service

upon such designated agent at his office or usual place of residence with like effect as if made personally upon such carrier, and in default of such designation of such agent, service of any notice or other process in any proceedings before said Administrator or Board or of any order, decision, or requirements of the Administrator or Board, may be made by posting such notice, process, order, requirement, or decision in the office of the Administrator or with the secretary of the Board.

(c) Manner of service.

Service of notices, processes, orders, rules, and regulations upon any person may be made by personal service, or upon an agent designated in writing for the purpose, or by registered mail addressed to such person or agent. Whenever service is made by registered mail, the date of mailing shall be considered as the time when service is made.

(d) Suspension or modification of orders.

Except as otherwise provided in this chapter, the Administrator or the Board is empowered to suspend or modify their orders upon such notice and in such manner as they shall deem proper.

(e) Compliance with orders.

It shall be the duty of every person subject to this chapter, and its agents and employees, to observe and comply with any order, rule, regulation, or certificate issued by the Administrator or the Board under this chapter affecting such person so long as the same shall remain in effect.

(f) Findings of fact; service of orders.

Every order of the Administrator or the Board shall set forth the findings of fact upon which it is based, and shall be served upon the parties to the proceeding and the persons affected by such order. (Pub. L. 85-726, title X, § 1005, Aug. 23, 1958, 72 Stat. 794.)

§ 1486. Judicial review.

(a) Orders subject to review; petition for review.

Any order, affirmative or negative, issued by the Board or Administrator under this chapter, except any order in respect of any foreign air carrier subject to the approval of the President as provided in section 1461 of this title, shall be subject to review by the courts of appeals of the United States or the United States Court of Appeals for the District of Columbia upon petition, filed within sixty days after the entry of such order, by any person disclosing a substantial interest in such order. After the expiration of said sixty days a petition may be filed only by leave of court upon a showing of reasonable grounds for failure to file the petition theretofore.

(b) Venue.

A petition under this section shall be filed in the court for the circuit wherein the petitioner resides or has his principal place of business or in the United States Court of Appeals for the District of Columbia.

(c) Notice to Board or Administrator; filing of transcript.

A copy of the petition shall, upon filing, be forthwith transmitted to the Board or Administrator by the clerk of the court, and the Board or Administrator shall thereupon certify and file in the court a transcript of the record, if any, upon which the order complained of was entered.

(d) Power of court.

Upon transmittal of the petition to the Board or Administrator, the court shall have exclusive jurisdiction to affirm, modify, or set aside the order complained of, in whole or in part, and if need be, to order further proceedings by the Board or Administrator. Upon good cause shown, interlocutory relief may be granted by stay of the order or by such mandatory or other relief as may be appropriate. *Provided*, That no interlocutory relief may be granted except upon at least five days' notice to the Board or Administrator.

(e) Conclusiveness of findings of fact; objections.

The findings of facts by the Board or Administrator, if supported by substantial evidence, shall be conclusive. No objection to an order of the Board or Administrator shall be considered by the court unless such objection shall have been urged before the Board or Administrator or, if it was not so urged, unless there were reasonable grounds for failure to do so.

(f) Review by Supreme Court.

The judgment and decree of the court affirming, modifying, or setting aside any such order of the Board or Administrator shall be subject only to review by the Supreme Court of the United States upon certification or certiorari as provided in section 1254 of Title 28. quirement, order, term, condition, or limitation; and such court shall have jurisdiction to enforce obedience thereto by a writ of injunction or other process, mandatory or otherwise, restraining such person, his officers, agents, employees, and representatives, from further violation of such provision of this chapter or of such rule, regulation, requirement, order, term, condition, or limitation, and requiring their obedience thereto.

(b) Upon the request of the Board or Administrator, any district attorney of the United States to whom the Board or Administrator may apply is authorized to institute in the proper court and to prosecute under the direction of the Attorney General all necessary proceedings for the enforcement of the provisions of this chapter or any rule, regulation, requirement, or order thereunder, or any term, condition, or limitation of any certificate or permit, and for the punishment of all violations thereof, and the costs and expenses of such prosecutions shall be paid out of the appropriations for the expenses of the courts of the United States. § 1507. Public use of facilities; emergency sale of equipment, supplies and services.

(a) Air navigation facilities owned or operated by the United States may be made available for public use under such conditions and to such extent as the head of the department or other agency having jurisdiction thereof deems advisable and may by regulation prescribe.

(b) The head of any Government department or other agency having jurisdiction over any airport or emergency landing field owned or operated by the United States may provide for the sale to any aircraft of fuel, oil, equipment, and supplies, and the furnishing to it of mechanical service, temporary shelter, and other assistance under such regulations as the head of the department or agency may prescribe, but only if such action is by reason of an emergency necessary to the continuance of such aircraft on its course to the nearest airport operated by private enterprise. All such articles shall be sold and such assistance furnished at the fair market value prevailing locally as ascertained by the head of such department or agency. All amounts received under this subsection shall be covered into the Treasury, but that part of such amounts which, in the judgment of the head of the department or agency, is equivalent to the cost of the fuel, oil, equipment, supplies, services, shelter, or other assistance so sold or furnished shall be credited to the appropriation from which such cost was paid, and the balance, if any, shall be credited to miscellaneous receipts. (a) The United States of America is declared to possess and exercise complete and exclusive national sovereignty in the airspace of the United States, including the airspace above all inland waters and the airspace above those portions of the adjacent marginal high seas, bays, and lakes, over which by international law or treaty or convention the United States exercises national jurisdiction. Aircraft of the armed forces of any foreign nation shall not be navigated in the United States, including the Canal Zone, except in accordance with an authorization granted by the Secretary of State.

(b) Foreign aircraft, which are not a part of the armed forces of a foreign nation, may be navigated in the United States by airmen holding certificates or licenses issued or rendered valid by the United States or by the nation in which the aircraft is registered if such foreign nation grants a similar

privilege with respect to aircraft of the United States and only if such navigation is authorized by permit, order, or regulation issued by the Board hereunder, and in accordance with the terms, conditions, and limitations thereof. The Board shall issue such permits, orders, or regulations to such extent only as it shall find such action to be in the interest of the public: *Provided, however,* That in exercising its powers hereunder, the Board shall do so consistently with any treaty, convention, or agreement which may be in force between the United States and any foreign country or countries. Foreign civil aircraft permitted to navigate in the United States under this subsection may be authorized by the Board to engage in air commerce within the United States except that they shall not take on at any point within the United States, persons, property, or mail carried for compensation or hire and destined for another point within the United States. Nothing contained in this subsection shall be deemed to limit, modify, or amend section 1372 of this title, but any foreign air carrier holding a permit under said section shall not be required to obtain additional authorization under this subsection with respect to any operation authorized by said permit. Except as specifically provided in sections 143-147 of Title 33, the navigation and shipping laws of the United States, including any definition of "vessel" or "vehicle" found therein and including the rules for the prevention of collisions, shall not be construed to apply to seaplanes or other aircraft or to the navigation of vessels in relation to seaplanes or other aircraft.

(b) Ports of entry for civil aircraft.

The Secretary of the Treasury is authorized to (1) designate places in the United States as ports of entry for civil aircraft arriving in the United States from any place outside thereof and for merchandise carried on such aircraft, (2) detail to ports of entry for civil aircraft such officers and employees of the customs service as he may deem necessary, and to confer or impose upon any officer or employee of the United States stationed at any such port of entry (with the consent of the head of the Government department or other agency under whose jurisdiction the officer or employee is serving) any of the powers, privileges, or duties conferred or imposed upon officers or employees of the customs service, and (3) by regulation to provide for the application to civil air navigation of the laws and regulations relating to the administration of the customs laws to such extent and upon such conditions as he deems necessary.
