含まれていない分として、米国は、宮古及び八
重山のテレビ放送施設の建設を提案した。この
経費は後日決定される予定である。

見本 CONFIDENTIAL

STATEMENT TO PRESS

Summary of the Economic Assistance Program from the
Government of Japan for the Japanese Fiscal Year 1966
Proposed by the United States Government

Total Sum: \$15,858,000.

Category 1: Agriculture, Forestry and Fisheries: \$2,050,000.

This category includes projects such as farm roads, agricultural land development, livestock research, importation of livestock, forestry development, fishing port construction, and funds for the Central Bank for Agriculture, Forestry and Fisheries.

Category 2: Transportation and Public Works: \$1,098,000.

These programs include projects such as bridge construction, piers and harbors, mountain conservation, flood control works, retaining walls and electrical facilities.

Category 3: Labor, Welfare, and Health: \$2,385,000.

These programs include projects such as medical equipment and supplies, trash disposal facility, funds for treating mental patients and TB patients in the Ryukyus, medical facilities for clinics located in doctorless areas, public housing construction, children's nurseries, funds for medical insurance and retirement, insurance programs and funds for the daily life security ~~(livelihood program)~~ program.

- 2 -

Category 4: Education: \$8,227,000.

This program includes projects and activities such as funds for teachers' salaries, public school construction, school equipment, library books, and scholarship loan funds.

Category 5: Other Programs: \$2,098,000.

The remaining programs include projects and activities such as funds for the People's Finance Corporation and weather station facilities. Also included are projects which will be administered by the Japanese Government and the Nampo Doho Engo Kai such as technical assistance, the model farm, supplies for the high altitude weather stations, school supplies, and welfare loan funds.

In addition to the projects in these categories, and not included in the total sum, the United States proposed the construction of TV facilities for Miyako and Yaeyama the cost of which will be determined subsequently.
