CONFIDENTIAL

STATEMENT TO PRESS

Summary of the Economic Assistance Program to Okinawa
from the Government of Japan for the Japanese Fiscal
Year 1966 Proposed by the Japanese Government

October 20, 1965

Total Sum: \$16,114,000.

Category 1: Agriculture, Forestry and Fisheries: \$2,259,000.

This category includes projects such as farm roads, agricultural land development, livestock research, importation of livestock, forestry development, fishing port construction, funds for the Central Bank for Agriculture, Forestry and Fisheries, and preventive measures against flight and noxious insects.

Category 2: Transportation and Public Works: \$1,780,000.

These programs include projects such as bridge construction, piers and harbors, mountain conservation, flood control works, retaining walls, electrical facilities, and construction of TV facilities for the Sakishima Islands.

Category 3: Labor, Welfare, and Health: \$2,428,000.

These programs include projects such as medical equipment and supplies, trash disposal facility, funds for treating mental patients in the Ryukyus, medical facilities for clinics located in doctorless areas, public housing construction, children's nurseries, funds for medical insurance and retirement insurance programs and funds for the daily life security program.
