沖繩に関する日米協議委員会第十三回会合
の開催について（案）

昭和四十三年一月十一日

- 一、 沖繩に関する日米協議委員会の第十三回会合は、昭和四十三年一月十一日（木）午後三時から外務省で開催された。委員会には、日本側から三木外務大臣および田中総理府総務長官が出席し、米側からジョンソン大使が出席した。
- 二、 本日の会合では、本年四月一日以降に支出される日本政府の対沖繩援助計画に関する合意が成立した。この計画に含まれる日本政府の対沖繩援助は、この内容が日本政府予算に計上され、当該予算が成立した時点において正式に確定することになる。今回合意された援助計画案の総額は一五三億七七一七万六千円であり、これは琉球政府の一九六九会計年度（昭和四十三年七月～四十四年六月）中に支出されることとなるが、日琉間の会

計年度の相違を考慮して一一二億八二六万九千円は日本政府の昭和四十三年会計年度予算に計上され、残額四〇億九四五〇万七千円は昭和四十四会計年度中に支出されることになっている。なお、この計画に関する米側提案は昨年十月日本側に提示され、これに対する日本側対案が作成されたのち、日米兩國政府間の緊密な非公式協議において、詳細な検討調整が行われた。その結果が昨日那覇で開催された日米琉球技術委員会に付託されたのち、本日同委員会より本協議委員会に提出されたものである。

今回合意された援助計画の詳細は別紙のとおりである。

the Consultative Committee on Okinawa

January 11, 1968

1. The 13th Meeting of the Consultative Committee on Okinawa was held on Thursday, January 11, 1968, at 3 p.m. at the Ministry of Foreign Affairs, Tokyo. Foreign Minister Takeo Miki and Director-General of the Prime Minister's Office Tatsuo Tanaka represented Japan and Ambassador U. Alexis Johnson represented the U.S. at the Committee meeting.
2. The representatives at today's meeting agreed upon Japanese Government's aid program for Okinawa to take effect April 1, 1968. The Japanese Government's aid to Okinawa which is contained in the program will be formally established when the contents of the program are incorporated into the budget plans of the Japanese Government and upon approval of the budget plan by the Diet.

The total amount of the agreed aid program is ¥15,377,176,000 (\$42.7 million). The sum is expected to be disbursed during RFY 1969 (July 1, 1968 - June 30, 1969). However, in view of the difference in the periods covered by the GOJ and GRI fiscal years, ¥11,282,669,000 (\$31.3 million) of the total amount of Japanese aid is to be covered by the JFY 1968 budget of the Japanese Government

and

- 2 -

and the remaining ¥4,094,507,000 (\$11.4 million) is to be expended during JFY 1969.

The U.S. proposal for this program was provided to the Japanese side in October 1967. After the Japanese counter-proposal was compiled, the program was examined and adjusted in detail during close informal consultations between the two governments. The result of these consultations were forwarded to the Technical Committee which was convened on January 10 in Naha. The report of the Technical Committee was presented today to the Consultative Committee.

The details of the aid program are as set forth in Attached Documents.

Statement No. 1

---Minister MIKI, Minister Tanaka, Gentlemen:

It is a distinct pleasure for me to represent the United States at this, the Thirteenth Meeting of the United States-Japan Consultative Committee. I look upon these sessions as a formal but important means ^{nevertheless} of sanctioning the progress which our two Governments have made in resolving matters concerning the development of the Ryukyu Islands and the welfare of its inhabitants. The American side is pleased to welcome you, Minister Tanaka, to this session of the Committee. ^{We hope you make a trip to Okinawa and promise you our full cooperation.} ~~we~~ look forward to an enjoyable and rewarding relationship with you and your colleagues. I would like at this time to introduce my Counselor for Economic Affairs, Mr. Peter A. Seip, who arrived recently on my staff and is attending his first Consultative Committee meeting. Mr. Seip ^{and is therefore familiar with the problems.} has served previously in the Ryukyu Islands in an official capacity. I am also pleased to have Mr. William C. Burns, Comptroller of the United States Civil Administration of the Ryukyu Islands, and his staff present with us again to assist in our deliberations.

Thank you

Statement No. 2

---I ~~do~~ agree.

Statement No. 3 - Mr. Burns (TAB F)

Statement No. 4 I share your view and express my gratitude for the able assistance received on this program from the Japanese side. ---I am pleased to agree with the aid proposal of the Government of Japan for the ensuing fiscal year as contained in these documents and confirm the acceptance by my Government of your expressed reservation.

Statement No. 5

---Minister Miki, Minister Tanaka:

On behalf of the United States Government, I wish to welcome the aid program which the Government of Japan has presented today. It ^{as you know} is ^a striking increase over the program for the current fiscal year and represents a major contribution to the economic development of the Ryukyu Islands. When added to the considerable assistance which is being furnished by the United States to the Ryukyu Islands, it serves as a tangible expression of our joint commitments to further the economic welfare and improve the living standards of the Ryukuan people. The United States recognizes the importance of Okinawa which serves our mutual security interests and those of other Free Nations, and we also recognize our responsibility for the present and future welfare of the people of the Ryukyu Islands. The material aid extended to the Ryukyu Islands under this and previous programs by the Government of Japan and the continuing large and increasing assistance efforts of the United

States have played a major role in enabling the Ryukuan people to fulfill their own capabilities. I also wish to congratulate the members of the Technical Committee on the completion of their task this year in such a satisfactory and timely manner.

The importance which my Government places on the welfare and development of the Ryukyu Islands has been demonstrated anew by the action of the Congress in raising the Price Act authorization ceiling. It is my hope that the implementing appropriation will also be forthcoming.

The Members of this Committee may take satisfaction from present developments, but we must continue to anticipate the future. It is for that reason that I consider as very important the impending establishment of the Advisory Committee as agreed upon between Prime Minister Sato and President Johnson. It is time that our Governments look to the future requirements of the Ryukyu Islands and their inhabitants in an orderly and coordinated fashion so as to identify those sectors where planning now can eliminate future problems. Our respective aid programs have emphasized economic development. The Advisory Committee will expand our perspectives to include the important concepts of joint planning and institutional development.

I feel certain that our joint efforts to safeguard the interests and welfare of the Ryukuan people will continue. In addition, we can pursue their identification with Japan by the exercise of good will and good planning. I look forward to participating as a member of the Consultative Committee in those tasks.

Statement No. 6

---I concur with the press statement as prepared.

USCAR Statement
Mr. William C. Burns

Mr. Minister, Mr. Director General:

In accordance with the agreed procedures of April 1964, Vol. B., handed to you, contains three elements of information in support of the aid program:

- a. A description of the current status of the Ryukyu economy as of end FY 67.
- b. A summary of the latest revision of the joint GRI/USCAR long-range plan for the economic and social development of the Ryukyu Islands, and
- c. A comparison of the GOJ aid program for GRI FY 69 with the U.S. basic aid program of \$12 million for GRI FY 68.

\$12 million is all that has been appropriated thus far for FY 68 because of the late enactment last year by the Congress of the legislation which raised the annual authorization (Price Act) for the U.S. aid from \$12 million to \$17.5 million. It is anticipated that the supplemental appropriation request for the additional \$5.5 million will be forwarded to the Congress this month. It is also anticipated that the full \$17.5 million appropriation will be requested by the President in his FY 69 budget which also will be forwarded to the Congress this month.

The remainder of this presentation will be in Japanese to save time.

Supplementing the U.S. appropriated funds are substantial contributions to the Ryukuan economy by the activities of the general fund of the U.S. Civil Administration. The principle sources of revenue for these activities are the income from the importation and sale of petroleum, oil and lubricants products throughout the Ryukyus, and the revenues of the three corporations: The Ryukyu Electric Power Corp. (REPC), the Ryukyu Domestic Water Corp. (RDWC), and the Ryukyu Domestic Loan Corp. (RDLC). The table attached (Encl. 1) indicates the estimated resource application programs of these activities in FY 68 and FY 69.

LIMITED OFFICIAL USE

2

You will note that the annual totals are more than the \$17.5 million authorized appropriated aid programs. It is pertinent that these funds were applied to the highest priority needs of the joint long-range plan before development of the U.S. and GOJ external aid programs. Please observe "Footnote A" which shows that the REPC's obligations for FY 69 exclude an estimated \$25 million contract in that year for a new 160 megawatt steam power plant required to meet future demands of both the growing economy and the military base.

It is important that the Consultative Committee is apprised of the effect on the Ryukuan economy of the total spending by the military base. Attached (Encl. 2) is a copy of the High Commissioner's press release of December 19, 1967 showing that the total U.S. financial input to the Ryukuan economy in FY 67 was \$257 million which is equal in amounts to about 50 percent of the gross national product (GNP) in FY 67, which latter amounted to \$521.7 million.

Analysis of the growth rate of the GNP in Vol. B. shows that the average annual growth rate for the past seven years amounts to a remarkable 14.6 percent. The projections through FY 73 anticipate an annual rate of 10.6 percent with the GNP reaching \$953.6 million in FY 1973.

Section II of Vol. B. sets forth the highlights of the March 1967 revision to the joint GRI/USCAR long-range plan. That revision was the basis for the development of both the U.S. and GOJ aid programs for GRI FY 69, and will be the basis for the development of the GRI's FY 69 budget over the next three months.

In June 1967 USCAR entered into a contract for a comprehensive economic survey of the Ryukyu Islands. Two highly qualified research firms were involved - one U.S. and the other Japanese. The Japanese firm was recommended by Japanese Government officials in consultation with U.S. Embassy and USCAR officials. The results of the economic survey are scheduled to be published by the end of this month and will be utilized in the next annual review of the long-range plan. The economic survey and the long-range plan will be valuable bench mark documents for use by the new Advisory Committee to the High Commissioner when the Committee becomes operational.

With reference to the U.S. Pre-Peace Treaty claims payments of \$21.04 million, \$9.1 million was paid to the GRI in FY 1967. The remaining valid claims should be disbursed for the most part by the end of this fiscal year.

This concludes the background presentations. We will be pleased to answer any questions.

The Fourteenth Meeting of the U.S.-Japan Consultative Committee
January 11, 1968

Proposed Text of the Press Release

(English Translation)

1. The Fourteenth Meeting of the Consultative Committee on Okinawa was held on Thursday, January 10, 1968 at 3:00 p.m. at the Ministry of Foreign Affairs, Tokyo. Foreign Minister Takeo Miki and Director-General of the Prime Minister's Office Tatsuo Tanaka represented Japan and Ambassador U. Alexis Johnson represented the United States.

2. The Representatives at today's meeting agreed upon the Japanese Government's aid program for Okinawa to take effect April 1, 1968. The Japanese Government's aid to Okinawa which is contained in the program will be formally established when the contents of the program are incorporated into the budget plans of the Japanese Government and upon approval of the budget plans by the Diet.

3. The total amount of the agreed aid program is ¥15,377,176,000 (42.7 million). The sum is expected to be disbursed during RFY 1969 (July 1, 1968-June 30, 1969). However, in view of the difference in the periods covered by the GOJ and GRI fiscal years, ¥11,282,669,000 (31.3 million) of the total amount of Japanese aid is to be covered by the JFY budget of the Japanese Government and the remaining ¥4,094,507,000 (\$11.4 million) is to be expended during JFY 1969.

The U.S. proposal for this program was provided to the Japanese Government in October 1967. After the Japanese counter-proposal was compiled, the program was examined and adjusted in detail during close informal consultations between the two Governments. The results of these consultations were forwarded to the Technical Committee which was convened on January 10 in Naha. The report of the Technical Committee was presented today to the Consultative Committee.

The details of the aid program are as set forth in the attached documents.

I took the office of the Director-General of the Prime Minister's Office last November. Since the Diet went into session immediately after I took office, I have had no opportunity to visit Okinawa. But, I should like to ^{do so} visit Okinawa at the earliest possible opportunity and to make efforts towards the solution of problems concerning these islands. ~~with your cooperation~~
~~in the days to come.~~ I wish to take this opportunity to request your cooperation, in the days to come.

As you know, and as stated in the Joint Communique issued after the talks between Prime Minister Sato and President Johnson last November, ^{the} Prime Minister Sato expressed ~~to the President Johnson~~ the strong desire of the Government and people of Japan for the return of the administrative rights over the Ryukyu Islands to Japan and emphasized that an agreement should be reached between the two governments within a few years on a date satisfactory to them for the reversion of these islands.

The

The Prime Minister and the President ~~Johnson~~ agreed that, with a view toward minimizing the stresses which will arise at such time as administrative rights are restored to Japan, measures should be taken to identify further the Ryukyuan people and their institutions with Japan proper and to promote the economic and social welfare of the Ryukyuan residents. To this end, they agreed to establish in Naha an advisory committee to the High Commissioner of the Ryukyu Islands. In view of these developments, I ^{believe} am ~~convinced~~ that cooperation between the United States and Japan concerning the problem of Okinawa ^{and} has entered into a new important stage.

Since this is the first year of ^{such a} the new stage of the cooperation between the United States and Japan, I wish to renew my determination to make my utmost efforts towards the solution of the problem of Okinawa.

It

It is my sincere ^{wish} that ^{all of you} ~~the distinguished participants~~
~~from the United States Government~~ will extend understanding
and cooperation to the ^{efforts} on my part.

Thank you very much.

2. (Agenda Item No.1 the list of projects submitted by the Technical Committee concerning the Japanese Government's Assistance Program to the Ryukyu Islands for JFY 1968 (including certain amounts to be financed in the first three months of JFY 1969))

"The Committee now proceeds to the first item on the agenda, the List of Projects submitted by the Technical Committee concerning Japanese Government's Assistance Program to Okinawa for JFY 1968. (including certain amounts to be financed in the three months of JFY 1969.) First of

all

all, I should like to give a brief explanation on ^{how} ~~the~~ preliminary works which took place to compile this List of Projects, ^{was compiled}.

~~This time,~~ ^{The} the United States proposal for the Japanese Government's Assistance Program was presented to the Japanese Government last October. After the completion of the counter-proposal of the Government of Japan, examination in detail and adjustments have been made through the close cooperation in the informal consultations between the administrative ^{staffs} ~~authorities~~ of our two ^{governments} ~~countries~~. The result of the informal consultations was referred to the Technical Committee which was convened in Naha yesterday, and after close examination in the Technical Committee the List of Projects was ~~finally~~ decided to be submitted to this Committee today.

Now,

1968
Pres. & Sec. of State
Gen. L. USCAP. J. L. R. P.
APR 1 1968 12:00 PM

Now, I should like to request Mr. Burns to submit
the List of Projects to the Consultative Committee on behalf
of the Chairman of the Technical Committee.

(Interpreted)

(Comptroller Burns will hand the List of Projects to Foreign
Minister Miki and Ambassador Johnson and make a brief
explanation on it).

"Thank you very much, Mr. Burns. On behalf of the
Japanese participants to the Committee, I should like to
express my deep appreciation of the efforts made by the
Technical Committee.

In

In the course of the informal consultations which took
place before the Technical Committee ^{there was} close and smooth
cooperation ~~has been made~~ between the administrative
^{staffs} authorities of our two ^{governments} ^{the} countries in a spirit of mutual
understanding and trust, which our two countries maintain
concerning the problem of Okinawa.

The informal talks ensured mutual understanding between
the two governments on the Japanese Government's Assistance
Program to Okinawa, so as to bring about a satisfactory
agreement on it. In this regard, I should like to express
my sincere appreciation of the efforts made by the officials
concerned.

The Japanese side is prepared to adopt the List of
Projects now submitted by the Technical Committee as the
anticipated assistance program of the Japanese Government.

That

That is to say, the Japanese Government agrees to adopt the List of Projects as the Japanese Government's assistance program to Okinawa with the reservation that the Japanese Government needs to take ~~domestic~~ ^{internal} measures/as provided for in paragraph 2(c) of the notes exchanged on April 25, 1964, before it is able to finalize specific assistance projects.

I wish to ask the U.S. side whether it agrees to this anticipated assistance program with the ^{same} understanding which I just stated.

(Interpreted) (Ambassador Johnson expresses agreement to it)

LC "Agreement is now reached on the anticipated assistance program of the Japanese Government which is to take effect on April 1, 1968.

The Japanese Government's assistance to Okinawa has shown an increase every year, and the assistance program

which

which was just agreed on between us/also represents not only a marked increase over the program for the previous year but further improvement in quality. This fact is nothing but an expression of the ~~vest~~ ^{deep} interest of the Government and people of Japan in the Okinawan affairs.

In this regard, I should like ^{to} express ~~to~~ my ~~deepest~~ appreciation of the efforts on the part of the U.S.

Government which brought about the increase of the amount authorized by the Price Act. It is my ^{hope} ~~wish~~, however, that the amount authorized by the Act will be further increased in the future so as to strengthen the U.S. Government's assistance for the promotion of the welfare of the Okinawan residents.

It is most gratifying that a ~~great~~ ^{marked} advancement has been ~~achieved~~ ^{made} on the problem of Okinawa ~~through~~ ^{at} the talks

between

between Prime Minister Sato and President Johnson.

In connection with this Committee, it was reaffirmed by the two leaders as a common objective of our two countries, ^{to take} ~~that~~ measures should be taken to identify further the Ryukyuan people and their institutions with Japan proper and to promote the economic and social welfare of the Ryukyuan residents. It is my ^{hope} ~~wish~~ that this Committee will, in close cooperation with ^{such institutions as} the Advisory Committee which will be shortly established in Naha, continue its active and fruitful activity ^{is} toward ^{this} ~~the~~ common objective of our two countries in order to make preparations for the day when administrative rights over Okinawa ^{to be} ~~are~~ restored to Japan.

田中

"Now, I should like to request Director-General Tanaka to make ^{a few} remarks. Director-General Tanaka please."

田中

"It is most gratifying and significant, that the Governments of Japan and the United States have reached an agreement at this meeting on the proposed Japanese Government's assistance to Okinawa for ^{Japanese fiscal year} JFY1968 which has been worked out through several informal consultations between the two Governments.

The main projects of this ^{program} ~~assistance~~ include various items which are urgently required and ^{will be} ~~effective~~ for ~~the~~ promotion of ~~the~~ welfare of the inhabitants and industrial development ^{of Okinawa} ~~namely~~, these projects include, in addition to

the

the further improvement^{s/} of continued projects in the fields of culture, education, social welfare, land development, industry and economy, the establishment of the Department of Health Sciences in the University of the Ryukyus, the construction of a new Naha Hospital ~~and~~, the construction of a new Naha Port, the expansion of civil air-terminal facilities of Naha Airport, the establishment of long-term loan^{s/} for house^{ing} construction and industrial development, and the improvement of financial capability^{ies} of Shi-Cho-Son. I believe that the promotion of these projects will make great contributions to the elimination of the economic and social barriers which still exist between Okinawa and Japan proper, and to the further identification of Okinawa with Japan proper.

On this occasion, I should like to express my sincere appreciation of the efforts on the part of the Government of the United States and the High Commissioner to expand the autonomy

autonomy of the Ryukyu Government and to improve the welfare and well-being of ^{the} Okinawan residents and ^{for} also of their ~~dear~~ considerations toward the promotion of measures for the ^{such as the utilization by Okinawan vessels of the coastal radio stations of Japan} furtherance of identification of Okinawa with Japan proper, ^{proper.}

I believe, however, that as you ^{notice} ~~may know~~ from the deliberations in the course of the last session of the Diet, there remain various problems yet to be solved, such as the participation, in some form, of the representatives of the Okinawan residents in the ^{activities} ~~deliberations~~ of ^{the} our Diet, the popular election of the Chief Executive of the Ryukyu Government and the ^{matter} ~~securing~~ of the fundamental rights of ^{the} Okinawan residents. There also remain ~~many~~ problems to be solved in order to eliminate the differences between Okinawa and Japan proper in the fields of welfare and well-being of inhabitants and the standards of administration.

On

On the occasion of the establishment of the Advisory

Committee to the High Commission, ^{we hope} I wish strongly that ~~the~~

^{through} effective and fruitful activities of Committee, together

with ~~the talks~~ ^{consultations} between our two ~~countries~~ ^{governments} through ~~the~~ diplomatic

channels ~~which includes this~~ ^{and the} Consultative Committee, ~~will~~ ^{we will}

^{be able to undertake} ~~contribute to the~~ comprehensive and systematic review of

the ~~the~~ problems concerning the identification of Okinawa with

Japan proper and ~~to the realization of steady~~ ^{carry out steadily necessary} measures for

their solution."

(Foreign Minister on Agenda No. 2)

"Finally, I should like to consult with you on the

Press Release. A draft press release was prepared at the

administrative level and distributed to you. I should like

to propose that this press release be distributed to the

press and explanation be made in accordance with it. Do you

have any objection to this?"
