2. Additional maps

The Japanese side wishes to be furnished with maps which provide the following information:

(1) Maps to show portions of land within each facility where use for farming purposes is authorized by U.S. Forces. In this connection, information is also requested if there are any lands within the boundary of U.S. installations and facilities which are used by Okinawans without the authorization of U.S. Forces.

(2) Maps to show submerged areas in Port of Naha and reclaimed lands in Camp Courtney and Port of Naha, or in any other areas, if any.

3. Supplemental Information

(1) The Japanese side wishes to be furnished with the following information:

Detailed information on recreation facilities such as golf courses, beaches, rest areas etc. for the U.S. Forces personnel in Okinawa, showing their location, area, land ownership and other relevant information in correlation with previously furnished information on U.S. facilities.

(2) A list of U.S. military monuments (such as Buckner Memorial Site) and cemeteries in Okinawa, showing their location, land ownership and other relevant information, together with their site plans, if any.

(3)

(3) Information and maps concerning the location (with particular attention to overlapping with military facilities and areas) area, land ownership and other relevant information concerning the three public corporations in Okinawa (the Ryukyu Electric Power Corporation, the Ryukyu Domestic Water Corporation and the Ryukyu Development Loan Corporation).

Note: This is to reconfirm the request made by the Japanese side at the second meeting of the Facilities and Areas Subcommittee of STG.

(4) Information on reactivation, if any, of U.S. installations and facilities which have been unused for some time. (It is recalled, for instance, that reports on alleged reactivation of Motobu Auxiliary Airfield have recently appeared in the local press.)

4. Others

The Japanese side wishes to be furnished with the following information (including maps):

(1) If there are any areas on which U.S. Forces made direct contracts with the authorities of cities, towns and villages to use for training purposes, information thereon (including the content of such contract) and maps to indicate such specific areas.

(2)

(2) If there are any cases in which U.S. Forces make lease agreements directly with land owners or property (such as houses) owners, relevant information on such lease agreements and maps.

(3) If, in U.S. facilities and areas, there are any surface objects or structures still not yet purchased, detailed lists and site plans to show such objects or structures.

(4) If there are any sea maneuver areas (including off the coast) used by U.S. Forces, the information to indicate such areas.
