*Memorandum*

TO : Major General Richard M. Lee

DATE: 26 January 1971

FROM : Chairman, Facilities/Areas Subcommittee Sofa Task Group

SUBJECT: Listing of Consolidated Facilities

1. The attached consolidated listing of USG Areas and Facilities on Okinawa supersedes the draft listing prepared under date of 22 December 1970. The draft listing of 22 December 1970 should be destroyed.
2. This list, in the first column shows new "primary" numbers cross-referenced in column four to numbers which identify the approximately 130 individual folders originally furnished to GOU in May or June of 1970.
3. This listing includes all areas and facilities without regard for use, ultimate release or transfer to GOU. The primary numbers are used for administrative convenience and have no relation to priority of need or value. The arrangement generally follows the following pattern:
  - a. NORTHERN (Known as Kunigami) - From the Northern most point of Okinawa South to the Southern boundary line of Kin and Onna Sons.
  - b. CENTRAL (Known as Nakagami) - From the Southern boundary line of Kin and Onna Sons South to the Southern boundary of Urasoe-Shi and Nishihara Son.
  - c. SOUTHERN (Known as Shimajiri) - From the Southern boundary of Urasoe-Shi and Nishihara Son to the Southern most point of Okinawa.
4. The list also includes the current leased facilities and training areas outside of identifiable military installations. In addition, the island water, electrical, highway and POL systems are identified as "systems" and can be further cross-checked with trace maps previously furnished.
5. This document is subject to continuing review, correction and revision by joint USG and GOU representatives of the Facilities and Areas Subcommittee.
6. This memorandum of transmission should not be removed from the attached listing.

1 Incl  
as

L. V. McDUGALD  
Colonel, USA  
Chairman, Facilities/Areas Subcommittee  
Sofa Task Group
