UNITED STATES CIVIL ADMINISTRATION OF THE RYUKYU ISLANDS
Office of the Miyako Team
APO 719

21 May 1952

SUBJECT: Okinawa Sugar Company Property Release

TO : Mr Kibun YOGI

1. As directed by USCAR it is hereby announced that all Okinawa Sugar Company property, with exceptions listed below, is released from the custody of the Ryukyu Property Custodian as of 5 May 1952.

EXCEPTIONS:

- a. Immediate confines and installations of Miyako Ice Plant; 200 tsubo more or less.
- b. Site of Water Point of new Hirara City Water System.
- c. Confines and installations of the main Okinawa Sugar Company plant (Miyako).
- d. Any properties now or previously under the jurisdiction of the MGG Farm.
- e. Any movable property, scrap or machines of the Company.
- f. Buildings of the Okinawa Sugar Company.

2. It is anticipated that there will be additional clarification reference to the above-named exceptions in the near future. No action will be taken reference the excepted property other than as detailed below.

- a. You are authorized to make up signs, using the name of MCAT, to properly "post" and safeguard the property at the Miyako main plant. These signs will be subject to the final approval of MCAT prior to installation.
- b. You are authorized and urged to continue your present twenty-four hour guard at the main plant. Unfortunately RPC has no funds to pay for this guard, other than to suggest that conceivably the Okinawa Sugar Company reimburse you at a later date. However, this would be strictly up to the Sugar Company.
- c. Make plans reference excepted property which may be released in the future.

AICA-M (21 May 52)
Subj: Oki Sugar Co Property Release

3. You are requested to take action on your intended trip to Okinawa to secure evidence that the Okinawa Sugar Company, as reorganized recently, is recognized as the owner of the properties of the Okinawa Sugar Company in existence in 1945.

4. You are further requested to get recognition in writing from the responsible officials of the reorganized Okinawa Sugar Company to the effect that you are the recognized local representative.

5. You are requested to have due regard for private houses, built previous to 1945 or otherwise, which may be located on Okinawa Sugar Company property.

6. You are requested to consider the economic condition of tenants and further the broad benefit to the Miyako economy in the use of released lands.

7. It is to be distinctly understood that this letter simply constitutes a release from the custody of the Ryukyuan Property Custodian. At this time no person or company is recognized as the owner of the property released (exceptions listed) other than the Okinawa Sugar Company. If you can satisfy the requirements detailed in paragraphs 3 and 4 above, or if MCAT gets independent verification of these items from USCAR meanwhile, in all likelihood the property detailed herein (with exceptions listed) can be dealt with as any other private property.

1. Reference: SCAP Memorandum, AG 091 (29 Jan 46)18, SCAPIN 677, subject: Governmental and Administrative Separation of Certain Outlying Areas from Japan.

2. In compliance with a request RHU-RHK-SRI No. 72 under date of June 11, 1951, made by the Director of the Agriculture and Forestry Agency of the Ryukyus, for a copy of the register of former Japanese state property in the Nansei Islands coming under the jurisdiction of the Kumamoto Regional Forestry Office of the Japanese Government, the Chief of the latter has compiled a copy each of the undermentioned papers and forwarded the same to this Ministry, which is now attached hereto.

"Okinawa Land Register"

"Oshima-gun Waste-land Register"

"Oshima-gun State Forestry Register"

"Report on Former Forestry Property in the Jurisdiction

As direct communications with the Ryukyu Islands are barred under the reference Memorandum, the Chief of the Kumamoto Regional Forestry Office desires to have the papers passed on to their destination through this Ministry. It is, therefore, respectfully requested that the General Headquarters, Supreme Commander for the Allied Powers, be good enough to see to it that they are duly transmitted to the Director of the Agriculture and Forestry Agency of the Ryukyus.
