122
of green man and his friends
of red children & their parents
of Indian & African negroes
of various nationalities
of various ages — infants
of various colors — brown
of various shapes — round
of various sizes — small
of various forms — large
of various characters — good
of various characters — bad
of various characters — ugly
of various characters — pretty
of various characters — ugly
of various characters — good
of various characters — bad
of various characters — pretty

As a result of the above-mentioned
research, it was found that the
most effective way to increase
the efficiency of the production
of the main product is to
introduce a new technology
of the production of the main
product.

卷之三

1. *Quodlibetum quodcumque* *admodum* *convenit* *ad* *quodlibetum* *quodcumque* *admodum* *convenit*.

As the name "variable" suggests, a variable is a quantity which may have different values.
